Summary of Legislation: This bill provides that the Public Employees' Retirement Fund (PERF) and the Indiana State Teachers' Retirement Fund (TRF) are independent bodies corporate and politic, and not departments or agencies of the state. It specifies that PERF and TRF are independent instrumentalities exercising essential government functions. The bill provides that the PERF board and the TRF board shall each adopt a budget for its respective fund. It requires the PERF board and the TRF board to report annually to the Governor and to the Pension Management Oversight Commission. The bill specifies that the police officer and firefighter members of the 1977 Fund Advisory Committee may be active or retired members of police and firefighter retirement funds.

Effective Date: July 1, 2000.

Explanation of State Expenditures: Currently, both PERF and TRF are part of the State Personnel system and subject to the review of the State Budget Agency concerning their respective budgets. Both PERF and TRF operate from revenues generated from their investment income. This proposal will continue that process. This proposal eliminates PERF and TRF staff as part of the state employee administration. The PERF and TRF Boards will have the responsibility to determine staffing. The bill deletes the biennial appropriation language for expenses, as well as the language that offset the appropriation by fund earnings. Deletion of this language will result in the funds paying their own administrative expenses as they currently do pursuant to the offset language. The specific expenditure impact will depend upon how the PERF and TRF Boards determine staffing levels and expenditure levels.

For the 1999-2001 biennium, the following amounts were appropriated from the Investment Earnings Fund for PERF and TRF:

	<u>1999-2000</u>	<u>2000-2001</u>
PERF	\$8,396,035	\$7,346,035
TRF	\$4,892,888	\$3,892,888

Explanation of State Revenues: The specific impact on investment earnings is indeterminable.
