IMPACT: State

Summary of Legislation: (CCR Amended) This bill allows the Air Pollution Control Board to (1) require sources to report hazardous air pollutant emissions if the reporting is necessary to demonstrate compliance with certain federal standards; and (2) allow the Department of Environmental Management (IDEM) to request certain site specific data. The bill requires the Environmental Quality Service Council (EQSC) to (1) develop a plan for the creation and funding of an effective hazardous air pollutant monitoring program to help assess potential health risks from hazardous air pollutants posed by urban air and significant sources; and (2) consider methods for the collection and dissemination of hazardous air pollution release information. It requires that IDEM and the State Department of Health (SDOH) jointly to develop a five year hazardous air pollutant strategy before November 1, 2002.

Effective Date: Upon passage.

Explanation of State Expenditures: (Revised) The Environmental Quality Service Council is required to develop a plan before December 31, 2002, for the creation and funding of an effective hazardous air pollutant monitoring program. The Council has a budget of \$18,500 and should be able to complete the plan given its current budget.
