27 IC 8-14-2-4, or both; and

28 (2) pay the amounts withheld to the authority.

29 Notwithstanding IC 8-14-1-3 and IC 8-14-2-4, the auditor of state
30 shall withhold and pay to the authority the amounts specified in the
31 notice.

32 Sec. 8. Notwithstanding any other provision of law, to the extent
33 that any department or agency of the state, including the treasurer
34 of state, is the custodian of money payable to a local unit (other
35 than for goods or services provided by the local unit), at any time
36 after written notice to the department or agency head from the
37 authority that the local unit is in default on the payment of lease
38 rentals for a lease entered into under this chapter, the department
39 or agency shall withhold the payment of that money from the local
40 unit and pay over the money to the authority for the purpose of
41 paying the lease rentals.

42 Sec. 9. The requirements of sections 7 and 8 of this chapter to
43 withhold amounts due under a lease do not create a debt of the
44 state or a local unit for purposes of the Constitution of the State of
45 Indiana.

46 Chapter 6. Issuance of Bonds and Notes

1 **Sec. 1. Subject to sections 2 and 5 of this chapter, and before**
 2 **July 1, 2008, the authority shall, by resolution, issue and sell bonds**
 3 **or notes of the authority to provide funds to carry out this article**
 4 **with respect to the construction of a local road project or local road**
 5 **projects or the refunding of any bonds or notes, together with any**
 6 **reasonable costs associated with a refunding.**

7 **Sec. 2. Before the issuance of bonds or notes, the authority must**
 8 **receive the approval of the budget agency.**

9 **Sec. 3. (a) The construction of a local road project may not be**
 10 **financed under this article, if at the time the lease with respect to**
 11 **the local road project is initially entered into, the weighted average**
 12 **useful life of the local road project is less than five (5) years.**

13 **(b) For purposes of this section and section 5 of this chapter, a**
 14 **certificate of the local unit, supported by a statement from the local**
 15 **unit's consulting engineer, as to the weighted average useful life of**
 16 **the local road project is conclusive with respect to the matters**
 17 **contained in the certificate.**

18 **(c) If any bonds or notes bear interest at a variable or adjustable**
 19 **rate, lease rentals under any lease or leases attributable to debt**
 20 **service shall be fixed over the term of the lease or leases based on**
 21 **the fair and reasonable value of the local road project or local road**
 22 **projects leased.**

23 **Sec. 4. (a) Before issuing a series of bonds or notes, the authority**
 24 **shall publish a notice of its determination to issue the bonds or**
 25 **notes. The notice shall be published:**

26 **(1) one (1) time in two (2) newspapers published and of**
 27 **general circulation in the city of Indianapolis; and**

28 **(2) one (1) time in one (1) newspaper published and of general**
 29 **circulation in each local unit that proposes to enter into a lease**
 30 **of the local road projects to be financed by the bonds or notes.**

31 **(b) No action to contest the validity of:**

32 **(1) any contract entered into by one (1) or more local units**
 33 **and the authority before the bonds or notes are issued;**

34 **(2) any lease entered into by one (1) or more local units and**
 35 **the authority before the bonds or notes are issued to secure a**
 36 **series of bonds or notes; or**

37 **(3) a series of bonds or notes issued by the authority;**

38 **may be brought against the authority after the fifteenth day**
 39 **following publication of the notice required by subsection (a)(1) or**
 40 **against a local unit after the fifteenth day following publication of**
 41 **the notice under subsection (a)(2).**

42 **(c) If a lease or contract is entered into under this chapter after**
 43 **bonds or notes relating to the lease or contract are issued, the**
 44 **authority may publish notice of execution of the lease or contract**
 45 **as set forth in subsection (a). No action against the authority to**
 46 **contest the validity of such a lease or contract may be brought after**

1 the fifteenth day following publication of the notice under
2 subsection (a)(1) or against a local unit after the fifteenth day
3 following publication of the notice under subsection (a)(2).

4 (d) If an action against the authority or a local unit challenging
5 a lease, a contract, bonds, or notes is not brought within the time
6 prescribed by this section, the lease, contract, bonds, or notes shall
7 be conclusively presumed to be fully authorized and valid under
8 the laws of the state and any person or entity is estopped from
9 further questioning the authorization, validity, execution, delivery,
10 or issuance of the contract, lease, bonds, or notes.

11 Sec. 5. (a) The bonds or notes must indicate on their face:

- 12 (1) the maturity date or dates, as determined under subsection
- 13 (b);
- 14 (2) the interest rate or rates (whether fixed, variable, or a
- 15 combination of fixed and variable) or the manner in which the
- 16 interest rate or rates will be determined if variable or
- 17 adjustable rates are used;
- 18 (3) registration privileges and place of payment, including
- 19 provisions for book entry obligations as set forth in IC 5-1-15;
- 20 (4) the conditions and terms under which the bonds or notes
- 21 may be redeemed or prepaid before maturity; and
- 22 (5) the source of payment as set forth in section 10 of this
- 23 chapter.

24 (b) The weighted average life of the bonds or notes may not
25 exceed the sum of:

- 26 (1) the weighted average useful life of the local road project or
- 27 local road projects to be financed from the proceeds of the
- 28 bonds or notes; plus
- 29 (2) the period of construction of the local road project or local
- 30 road projects.

31 Sec. 6. The bonds or notes:

- 32 (1) shall be executed by the manual or facsimile signature of
- 33 the chairman or vice chairman of the authority;
- 34 (2) shall be attested by the manual or facsimile signature of
- 35 the secretary-treasurer or assistant secretary-treasurer of the
- 36 authority;
- 37 (3) shall be imprinted or impressed with the seal of the
- 38 authority by any means;
- 39 (4) may be authenticated by a trustee, registrar, or paying
- 40 agent; and
- 41 (5) constitute valid and binding obligations of the authority,
- 42 even if the chairman, vice chairman, secretary-treasurer, or
- 43 assistant secretary-treasurer whose manual or facsimile
- 44 signature appears on the bonds or notes no longer holds that
- 45 office.

46 Sec. 7. The bonds or notes, when issued, have all the qualities of

1 negotiable instruments, subject to provisions for registration, under
2 IC 26 and are incontestable in the hands of a bona fide purchaser
3 or owner of the bonds or notes for value.

4 Sec. 8. The bonds or notes may be sold by the authority at a
5 public or a negotiated sale at a time or times determined by the
6 authority and at a premium or discount as determined by the
7 authority. In determining the amount of bonds or notes to be issued
8 and sold, the authority may include the costs of construction or of
9 refunding bonds or notes, including reasonable debt service
10 reserves, and all other expenses necessary or incident to the
11 construction of the local road project, a refunding, or the issuance
12 of the bonds or notes.

13 Sec. 9. The proceeds of the bonds or notes are appropriated for
14 the purpose for which the bonds or notes may be issued and the
15 proceeds shall be deposited and disbursed in accordance with any
16 provisions and restrictions that the authority may provide in the
17 resolution or trust agreement authorizing the issuance of the bonds
18 or notes. The maturities of the bonds or notes, the rights of the
19 owners, and the rights, duties, and obligations of the authority are
20 governed in all respects by this article and the resolution or trust
21 agreement.

22 Sec. 10. The bonds or notes:
23 (1) constitute the corporate obligations of the authority;
24 (2) do not constitute an indebtedness of the state or any local
25 unit within the meaning or application of any constitutional
26 provision or limitation; and
27 (3) are payable solely as to both principal and interest from:
28 (A) the revenues from a lease to one (1) or more local units,
29 if any;
30 (B) proceeds of bonds or notes, if any; or
31 (C) investment earnings on proceeds of bonds or notes.

32 Sec. 11. The provisions of this article and the covenants and
33 undertakings of the authority as expressed in any proceedings
34 preliminary to or in connection with the issuance of the bonds or
35 notes may be enforced, subject to the provisions of any resolution
36 or trust agreement, by a bond or note owner by action for
37 injunction or mandamus against the authority or any officer, agent,
38 or employee of the authority. However, no action for monetary
39 judgment may be brought against the state for any violations of this
40 article or for payment of the bonds or notes of the authority.

41 Sec. 12. All bonds or notes issued under this article are issued by
42 a body corporate and politic of this state, but not a state agency,
43 and for an essential public and governmental purpose. The bonds
44 and notes, the interest on the bonds and notes, the proceeds
45 received by an owner from the sale of the bonds or notes to the
46 extent of the owner's cost of acquisition, proceeds received upon

1 redemption for maturity, proceeds received at maturity, and the
2 receipt of the interest and proceeds are exempt from taxation for
3 all purposes except the financial institutions tax imposed under
4 IC 6-5.5 or a state inheritance tax imposed under IC 6-4.1.

5 **Sec. 13.** Notwithstanding any other law, all financial institutions,
6 investment companies, insurance companies, insurance
7 associations, executors, administrators, guardians, trustees, and
8 other fiduciaries may legally invest sinking funds, money, or other
9 funds belonging to them or within their control in bonds or notes
10 issued under this chapter.

11 **Sec. 14.** Bonds or notes issued under this chapter are exempt
12 from the registration requirements of IC 23-2-1 and any other state
13 securities registration statutes.

14 **Sec. 15.** A pledge of lease rentals, proceeds of bonds or notes,
15 investment earnings on those proceeds, or other money pledged by
16 the authority is binding from the time the pledge is made. Lease
17 rentals, proceeds of bonds or notes, investment earnings on those
18 proceeds, or other money pledged by the authority and thereafter
19 received by the authority or its trustee or fiduciary is immediately
20 subject to the lien of the pledge without any further act, and the
21 lien of the pledge is binding against all parties having claims of any
22 kind in tort, contract, or otherwise against the authority, regardless
23 of whether the parties have notice of the lien. A resolution, trust
24 agreement, or any other instrument by which a pledge is created is
25 required to be filed or recorded only in the records of the
26 authority.

27 **Sec. 16.** The authority may obtain from a department or an
28 agency of the state or of the United States, or from a
29 nongovernmental insurer, available insurance or guaranty for the
30 payment or repayment of interest or principal, or both, or any part
31 of interest or principal, or any debt service reserve funds, on bonds
32 or notes issued by the authority, or on securities purchased or held
33 by the authority.

34 **Sec. 17.** The authority may enter into agreements with an entity
35 to provide credit enhancement or liquidity support for any bonds
36 or notes issued by the authority, or for any debt service reserves
37 securing any bonds or notes, with terms that are reasonable and
38 proper, in the discretion of the authority, and not in violation of
39 law. The authority may execute and deliver notes to evidence its
40 obligation to make payments under such an agreement, but these
41 notes must conform to this article in all respects.

42 **Sec. 18.** The authority may enter into agreements or contracts
43 with any financial institution as may be necessary, desirable, or
44 convenient in the opinion of the authority for rendering services in
45 connection with:

46 (1) the care, custody, or safekeeping of securities or other

1 investments held or owned by the authority;

2 (2) the payment or collection of amounts payable as to
3 principal or interest; and

4 (3) the delivery to the authority of securities or other
5 investments purchased or sold by it.

6 The authority may also, in connection with any of the services
7 rendered by a financial institution as to custody and safekeeping of
8 its securities or investments, require security in the form of
9 collateral bonds, surety agreements, or security agreements as, in
10 the opinion of the authority, is necessary or desirable.

11 Sec. 19. (a) In the discretion of the authority, any bonds and
12 notes issued under this chapter may be secured by a trust
13 agreement by and between the authority and a corporate trustee,
14 which may be any trust company or bank having the powers of a
15 trust company in Indiana. Such a trust agreement may also provide
16 for a cotrustee, which may be any trust company or bank in
17 Indiana or another state.

18 (b) The trust agreement or the resolution providing for the
19 issuance of the bonds or notes may contain provisions for
20 protecting and enforcing the rights and remedies of the owners of
21 bonds or notes as may be reasonable and proper, in the discretion
22 of the authority, and not in violation of law.

23 (c) The trust agreement or resolution may set forth the rights
24 and remedies of the owners of any bonds or notes of the trustee and
25 may restrict the individual right of action by the owners.

26 (d) Any trust agreement or resolution may contain other
27 provisions that the authority considers reasonable and proper for
28 the security of the owners of bonds or notes.

29 (e) All expenses incurred in carrying out the provisions of the
30 trust agreement or resolution may be paid from money pledged or
31 assigned to the payment of the principal of and interest on bonds
32 or notes or from any other funds available to the authority.

33 Sec. 20. The authority may purchase bonds or notes of the
34 authority out of its funds or money available for the purchase of its
35 own bonds or notes. The authority may hold, cancel, or resell the
36 bonds or notes subject to, and in accordance with, agreements with
37 owners of its bonds or notes. Unless canceled, bonds or notes so
38 held shall be considered to be held for resale or transfer and the
39 obligation evidenced by the bonds or notes shall not be considered
40 to be extinguished.

41 Sec. 21. Funds or money held by the authority under any trust
42 agreement or resolution may be invested pending disbursement as
43 provided in the trust agreement or the resolution. Such an
44 investment is not restricted by or subject to the provisions of any
45 other law.

46 Chapter 7. Reserve Fund for Bonds and Notes

1 **Sec. 1. (a) The authority may establish and maintain a reserve**
 2 **fund for each issue of bonds or notes in which there shall be**
 3 **deposited or transferred:**

4 **(1) all money appropriated by the general assembly for the**
 5 **purpose of the fund in accordance with section 3(a) of this**
 6 **chapter;**

7 **(2) all proceeds of bonds or notes required to be deposited in**
 8 **the fund under the terms of:**

9 **(A) a contract between the authority and the holders of the**
 10 **bonds or notes; or**

11 **(B) a resolution of the authority with respect to the**
 12 **proceeds of bonds or notes;**

13 **(3) all other money appropriated by the general assembly to**
 14 **a reserve fund; and**

15 **(4) any other money or funds of the authority that it decides**
 16 **to deposit in the fund.**

17 **(b) Subject to section 3(b) of this chapter, money in any reserve**
 18 **fund shall be held and applied solely to the payment of the interest**
 19 **on and principal of bonds or notes of the authority as the interest**
 20 **and principal become due and payable and for the retirement of**
 21 **bonds or notes. The money may not be withdrawn if a withdrawal**
 22 **would reduce the amount in the reserve fund to an amount less**
 23 **than the required debt service reserve, except for payment of**
 24 **interest then due and payable on bonds or notes and the principal**
 25 **of bonds or notes then maturing and payable, whether by reason**
 26 **of maturity or mandatory redemption, for which payments other**
 27 **money of the bank is not then available. As used in this chapter,**
 28 **"required debt service reserve" means, as of the date of**
 29 **computation, the amount required to be on deposit in the reserve**
 30 **fund as provided by resolution or trust agreement of the authority.**

31 **(c) Money in any reserve fund that exceeds the required debt**
 32 **service reserve, whether by reason of investment or otherwise, may**
 33 **be withdrawn at any time by the authority and transferred to**
 34 **another fund or account of the authority, subject to the provisions**
 35 **of any agreement with the holders of any bonds or notes.**

36 **Sec. 2. For purposes of valuation, investments in the reserve**
 37 **fund shall be valued at par, or if purchased at less than par, at cost**
 38 **unless otherwise provided by resolution or trust agreement of the**
 39 **authority. Valuation on a particular date shall include the amount**
 40 **of interest then earned or accrued to that date on the money or**
 41 **investments in the reserve fund.**

42 **Sec. 3. (a) In order to assure the maintenance of the required**
 43 **debt service reserve in any reserve fund, the general assembly may**
 44 **annually appropriate to the authority for deposit in one (1) or more**
 45 **of the funds the sum, certified by the authority to the general**
 46 **assembly, that is necessary to restore one (1) or more of the funds**

1 to an amount equal to the required debt service reserve. Before
2 December 1 of each year, the authority shall make and deliver to
3 the general assembly a certificate stating the sum required to
4 restore the funds to that amount. Nothing in this subsection creates
5 a debt or liability of the state to make any appropriation.

6 (b) All amounts received on account of money appropriated by
7 the state to any reserve fund shall be held and applied in
8 accordance with section 1(b) of this chapter. However, at the end
9 of each fiscal year, if the amount in any reserve fund exceeds the
10 required debt service reserve, any amount representing earnings
11 or income received on account of any money appropriated to the
12 reserve fund that exceeds the expenses of the authority for that
13 fiscal year may be transferred to the state general fund.

14 Sec. 4. Subject to the provisions of any agreement with its
15 holders, the bank may combine a reserve fund established for an
16 issue of bonds or notes into one (1) or more reserve funds."
