HOUSE BILL No. 1845

DIGEST OF HB 1845 (Updated February 24, 2005 11:54 pm - DI 52)

Citations Affected: IC 2-2.1; IC 4-10; IC 4-12; noncode.

Synopsis: State funds and appropriations. Revises the formula for determining the state spending cap to be 99% of available general revenue. Voids general appropriations whenever total appropriations exceed 99% of available general revenue. Voids the appropriations made by a major budget bill whenever the bill or its conference committee report fails to include certain disclosures concerning the amount of spending being proposed by the general assembly. Requires the budget agency to prepare a revenue forecast. Repeals the current laws concerning the state spending growth quotient. Provides that the amount deposited in the counter-cyclical revenue and economic stabilization fund is calculated on the general fund revenue deposited in the state general fund or the property tax replacement fund. Allows money in the counter-cyclical revenue and economic stabilization fund to be transferred to the property tax replacement fund under certain circumstances. Increases the maximum amount that may be retained in the counter-cyclical revenue and economic stabilization fund from 7% to 10% of total state general fund revenues.

Effective: June 15, 2005; July 1, 2005.

Sec. 6. (a) For each state fiscal year, the budget agency shall compute an estimate of state revenue using the formula established in section 7 of this chapter. An estimate for the two (2) years of a biennial budget period shall be computed before December 31 of the even-numbered year immediately preceding the beginning of each budget period. The first estimate required under this subsection is the estimate for the budget period beginning July 1, 2007, which shall be computed before December 31, 2006.

(b) For the second state fiscal year in a budget period, the budget agency shall revise the estimate of state revenue using the formula established in section 7 of this chapter. The revision of the estimate for the second year of a budget period shall be prepared before December 31 of the odd-numbered year immediately preceding the second state fiscal year in the budget period. The first revision required under this subsection is the revision for the second year of the budget period beginning July 1, 2007, which shall be computed before December 31, 2007.

(c) The budget agency may revise an estimate calculated under subsection (a) or a revised estimate calculated under subsection (b) after the estimate is distributed. A revision under this subsection must be prepared not later than fifteen (15) days before either chamber of the general assembly adjourns a session sine die.

(d) The last estimate computed under this section and distributed under section 8 of this chapter before the adjournment of a session sine die applies to all appropriations enacted before the end of that session.

(e) The last estimate computed under this section and distributed under section 8 of this chapter before a version of a bill or a later conference committee report for a bill is printed applies to all appropriations affected by that version of a bill or a bill's conference committee report.

STEP TWO: Determine the total of net adjustments to be made to the general revenues for the state fiscal year, which is the amount determined under clause (I) of the following formula:

(A) Determine the disproportionate share and enhanced disproportionate share revenues that will be received by the state in the state fiscal year.

(B) Determine the interfund transfers to be made from the build Indiana fund to the state general fund or the property tax replacement fund in the state fiscal year.

(C) Determine the interfund transfers to be made from the counter-cyclical revenue and economic stabilization fund to the state general fund or the property tax replacement fund in the state fiscal year.

(F) Determine the interfund transfers to be made from the state general fund or the property tax replacement fund to the counter-cyclical revenue and economic stabilization fund in the state fiscal year.

(G) Determine the amount included in the amount determined under STEP ONE that results from any of the following:

(i) An extraordinary nonrecurring transfer into the state general fund or the property tax replacement fund from a source other than the state general fund or the property tax replacement fund. For purposes of this item, generally accepted accounting principles apply in

(H) Determine the sum of the amounts determined under clauses (E) through (G).

(I) Subtract the amount determined under clause (H) from the amount determined under clause (D).

STEP THREE: If:

(A) the STEP TWO amount is zero dollars (\$0), the estimated state revenues for the state fiscal year is the STEP ONE amount;

(B) the STEP TWO amount is greater than zero dollars (\$0), the estimated state revenues for the state fiscal year is the sum of the STEP ONE amount and the STEP TWO amount; and

(C) the STEP TWO amount is less than zero dollars (\$0), the estimated state revenues for the state fiscal year is the result of the STEP ONE amount minus the absolute value of the STEP TWO amount.

Sec. 8. (a) Not earlier than December 1 and not later than the first session day of the general assembly after December 31 of each even-numbered year, the budget agency shall submit in an electronic format under IC 5-14-6 to the executive director of the legislative services agency a report that includes at least the following information:

(1) The estimated state revenue for each of the state fiscal years in the immediately following biennial budget period.

(2) The supporting data and calculations necessary for a person to independently verify the manner in which the estimates of state revenue described in subdivision (1) were determined.

(b) Not earlier than December 1 and not later than the first session day of the general assembly after December 31 in each odd-numbered year, the budget agency shall submit in an electronic format under IC 5-14-6 to the executive director of the legislative services agency a report that includes at least the following information:

(1) The estimated state revenue for the second state fiscal year in the current budget period.

(1) each time that a bill or a bill's conference committee report described in section 3 of this chapter is being considered for final action by the house of representatives or the senate; and

(2) not later than thirty (30) days after the adjournment sine die of a session of the general assembly.

(b) While the general assembly is in session, reports, submitted in an electronic format under IC 5-14-6, containing at least the total dollar amount of general appropriations must be delivered to the executive director of the legislative services agency in a format and on a schedule that allows bills and conference committee reports described in section 3 of this chapter to be printed without delay with the information required under that section.

(c) Not later than thirty-five (35) days after a session of the general assembly adjourns sine die, a report, submitted in an electronic format under IC 5-14-6, containing at least the total dollar amount of general appropriations must be delivered to the executive director of the legislative services agency. A report required by this subsection must be delivered not later than five (5) regular business days after it is computed.

fiscal year is equal to the amount determined under STEP THREE of the following formula:

STEP ONE: Determine the total amount that is authorized by appropriation for payment or transfer from the state general fund or the property tax replacement fund in the state fiscal year, regardless of the bill or session in which the appropriation is or is to be enacted.

STEP TWO: Determine the total amount included in the STEP ONE amount that is appropriated from the state general fund or the property tax replacement fund for:

- (A) settlements and judgments;**
- (B) transfers between accounts in the state general fund, accounts in the property tax replacement fund, or the state general fund and the property tax replacement fund;**
- (C) the distribution of tax refunds or refundable tax credits; or**
- (D) any purpose to the extent that money described in section 7, STEP TWO (G)(ii) of this chapter (distribution from the federal government that may be expended without an appropriation) is to fund the appropriation.**

STEP THREE: Subtract the STEP TWO amount from the STEP ONE amount.

Sec. 11. (a) The part of an appropriation that is an open ended appropriation exceeding a specific amount appropriated for a purpose is not to be considered in computing general appropriations under section 10 of this chapter.

(b) For purposes of section 10 of this chapter, a descriptive appropriation that does not authorize a specific amount for expenditure in a state fiscal year is to be estimated as the maximum amount that the budget agency estimates may be expended in the period for which the appropriation is made for purposes of the appropriation. For purposes of section 10 of this chapter, if the appropriation is made for a period exceeding one (1) state fiscal year and less than eleven (11) state fiscal years, the maximum allowable appropriation shall be apportioned among the state fiscal years by the same percentage. If the appropriation is made for more than ten (10) state fiscal years, the maximum allowable appropriation shall be apportioned by the same percentage over the initial ten (10) state fiscal years.

(c) For purposes of section 10 of this chapter, if an appropriation of a specific amount is made for a period exceeding one (1) state fiscal year, fifty percent (50%) of the appropriated

1 amount is to be allocated as a general appropriation for each state
2 fiscal year in a budget period.

3 (d) For purposes of section 10 of this chapter, language that only
4 authorizes a person to issue bonds, enter into a loan agreement,
5 enter into a lease, or enter into another agreement shall not be
6 treated as an appropriation unless the general assembly otherwise
7 appropriates money to pay for or to repay the authorized
8 obligations.

9 (e) For purposes of complying with section 3 of this chapter but
10 not section 2 of this chapter, only appropriations that:

- 11 (1) have been enacted into law;
- 12 (2) are contained in a bill or a bill's conference committee
13 report in which appropriation surplus or deficit is to be
14 printed;
- 15 (3) were previously passed by both houses of the general
16 assembly in the same session as a bill or a bill's conference
17 committee report in which appropriation surplus or deficit is
18 to be printed; or
- 19 (4) are contained in any other bill that by rule of the house of
20 representatives or the senate must be considered in complying
21 with section 3 of this chapter;

22 shall be considered in computing the total of general
23 appropriations under section 10 of this chapter.

22 (b) If the annual growth rate for the calendar year immediately

1 auditor of state under subsection (a), the budget director shall
 2 determine the amount, if any, that is appropriated into or out of the
 3 fund under section 4 of this chapter. If an appropriation is made into

 6 appropriation is made out of the fund under section 4 of this chapter,
 7 the budget director shall certify to the treasurer of state an amount
 8 equal to the part of the appropriation, if any, by which the general fund
 9 general operating budget **and the noncapital budget payable from**
 10 **the property tax replacement fund** for the state fiscal year for which
 11 the appropriation is made, exceeds the budget director's estimate of the
 12 total general fund revenues for that same state fiscal year. The budget
 13 director shall make the certification or certifications of money to be

 27 provided in subsection (b), if the balance, at the end of a state fiscal
 28 year, in the fund exceeds ~~seven~~ **ten** percent (~~7%~~) **(10%)** of the total
 29 state general fund revenues for that state fiscal year, the excess is
 30 appropriated from the fund to the property tax replacement fund
 31 established under IC 6-1.1-21. The auditor of state and the treasurer of
 32 state shall transfer the amount so appropriated from the fund to the
 33 property tax replacement fund during the immediately following state

 39 amount of the appropriation made under section 4 of this chapter.
 40 However, the amount of the appropriation made under subsection (a)
 41 may not be reduced to less than zero (0).

16 (1) establishes a new tax or fee after June 30, 2002;
17 (2) increases the rate of a previously enacted tax or fee after June
18 30, 2002; or
19 (3) reduces or eliminates an exemption, a deduction, or a credit
20 against a previously enacted tax or fee after June 30, 2002.
21 The amount of the increase is equal to the average revenue that the
22 budget agency estimates will be raised by the legislative action in the
23 initial two (2) full state fiscal years in which the legislative change is

25 ~~(e) (c)~~ The state spending cap imposed under this section is
26 decreased in the initial state fiscal year in which the state is affected by

29 (1) eliminates a tax or fee after June 30, 2002;
30 (2) eliminates any part of a tax rate or fee after June 30, 2002; or
31 (3) establishes or increases an exemption, a deduction, or a credit
32 against a tax or fee after June 30, 2002.
33 The amount of the decrease is equal to the average revenue that the
34 budget agency estimates will be lost as a result of the legislative action
35 in the initial two (2) full state fiscal years in which the legislative

"Implicit price deflator for the gross national product" means the implicit price deflator for the gross national product, or its closest equivalent, which is available from the United States Bureau of Economic Analysis.

SECTION 3. IC 4-10-18-4 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 4. (a) If the annual growth rate for the calendar year preceding the current calendar year exceeds two percent (2%), there is appropriated to the fund from the state general fund, for the state fiscal year beginning in the current calendar year, an amount equal to the product of:

- (1) the total state general fund revenues for the state fiscal year ending in the current calendar year; multiplied by
- (2) the remainder of:
 - (A) the annual growth rate for the calendar year preceding the

C
O
P
Y

current calendar year; minus
 (B) two percent (2%).

(b) If the annual growth rate for the calendar year immediately preceding the current calendar year is less than a negative two percent (-2%), there is appropriated from the fund to the state general fund **and the property tax replacement fund**, for the state fiscal year beginning in the current calendar year, an amount equal to the product of:

- (1) the total state general fund revenues for the state fiscal year ending in the current calendar year; multiplied by
- (2) negative one (-1); and further multiplied by
- (3) the remainder of:
 - (A) the annual growth rate for the calendar year preceding the current calendar year; minus
 - (B) negative two percent (-2%).

The amount appropriated to each fund is proportional to the amount needed to balance each fund as described in section 9 of this chapter.

SECTION 4. IC 4-10-18-5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 5. (a) As soon as the auditor of state makes a final determination of the amount of total state general fund revenues for a particular state fiscal year, ~~he~~ **the auditor** shall certify that amount to the budget director.

(b) As soon as possible after receiving the certification from the auditor of state under subsection (a), the budget director shall determine the amount, if any, that is appropriated into or out of the fund under section 4 of this chapter. If an appropriation is made into the fund under section 4 of this chapter, the budget director shall immediately certify that amount to the treasurer of state. If an appropriation is made out of the fund under section 4 of this chapter, the budget director shall certify to the treasurer of state an amount equal to the part of the appropriation, if any, by which the general fund general operating budget **and the noncapital budget payable from the property tax replacement fund** for the state fiscal year for which the appropriation is made, exceeds the budget director's estimate of the total general fund revenues for that same state fiscal year. The budget director shall make the certification or certifications of money to be transferred out of the fund at the time or times that ~~he~~ **the budget director** determines the general fund general operating budget **and the noncapital budget payable from the property tax replacement fund** would exceed the total estimated state general fund revenues.

(c) Immediately upon receiving a certification from the budget director under subsection (b), the auditor of state and treasurer of state

C
O
P

shall make the appropriate transfer into or out of the fund.

(d) Any amount, which is appropriated out of the fund under section 4 of this chapter, but which has not been transferred out of the fund under this section at the end of the state fiscal year for which the appropriation is made, shall revert to the fund.

SECTION 5. IC 4-10-18-8 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JUNE 15, 2005]: Sec. 8. (a) Except as provided in subsection (b), if the balance, at the end of a state fiscal year, in the fund exceeds ~~seven ten~~ percent (~~7%~~) **(10%)** of the total state general fund revenues for that state fiscal year, the excess is appropriated from the fund to the property tax replacement fund established under IC 6-1.1-21. The auditor of state and the treasurer of state shall transfer the amount so appropriated from the fund to the property tax replacement fund during the immediately following state fiscal year.

(b) If an appropriation is made out of the fund under section 4 of this chapter for a state fiscal year during which a transfer is to be made from the fund to the property tax replacement fund, the amount of the appropriation made under subsection (a) shall be reduced by the amount of the appropriation made under section 4 of this chapter. However, the amount of the appropriation made under subsection (a) may not be reduced to less than zero (0).

SECTION 6. IC 4-10-18-9 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 9. If the total state general fund revenues for a state fiscal year, in which a transfer into the fund is made, are less than the level estimated in the budget report prepared in accord with IC 4-12-1-12(a) or (c) and the shortfall cannot be attributed to a statutory change in the tax rate, the tax base, the fee schedules, or the revenue sources from which the general fund revenue estimate was made, there is appropriated from the fund to the state general fund an amount that may not exceed the lesser of the following two (2) amounts:

- (1) the amount that was transferred into the fund during that state fiscal year; or
- (2) the amount necessary to balance the general fund general operating budget **and the noncapital budget payable from the property tax replacement fund** for that state fiscal year."

Page 13, between lines 18 and 19, begin a new paragraph and insert:
