Synopsis: Ballot form. Establishes a ballot form that lists candidates by office for optical scan and electronic voting systems. Adds circles to the types of figures permitted to indicate a vote cast on a ballot card. Revises the printed instructions for optical scan ballots to permit a voter to darken the circle, oval, or square indicating the candidate voted for. Specifies that "independent ticket" refers only to tickets for: (1) President and Vice President of the United States; or (2) governor and lieutenant governor. Revises the instructions for preparing: (1) an optical scan ballot card; or (2) an electronic voting system; that includes the offices of President and Vice President of the United States. Provides that references to punch card ballots expire December 31, 2005 (the use of punch card ballots is prohibited after that date). Removes references to: (1) ballot card and electronic voting systems in provisions that only apply to paper ballots; (2) lever voting machines; and (3) the use of punch card ballots for presidential elections. Requires that certain features of an electronic voting system concerning the verification or correction of a voter's ballot apply after December 31, 2005.

38 that contains the greatest percentage of population of the school
39 corporation. If the plan requires residence in a specified district or

42 which the person is a candidate. If a school corporation is located in

3 certify to each circuit court clerk of a county in which the school
4 corporation is located, the names of the candidates to be placed on the
5 ballot.

6 (d) If a plan provides for an election of members of the board of
7 school trustees at a general election, the filing of notice of candidates
8 must be made in the manner provided for filing at primary elections
9 under this section. The filing must be made within the same period of
10 time before the general election as would have been required before the

19 county, each county election board shall print the ballots required for

23 elected by all the voters of the community school corporation,
24 candidates shall be placed on the ballot in the form prescribed by
25 IC 3-10-1-19 or ~~IC 3-11-2~~, IC 3-11, without party designation.
26 Candidates elected shall be those having the greatest number of votes.

27 (g) If the plan provides that members of the board of school trustees
28 are to be elected from residence districts by all voters in the community
29 school corporation, nominees for the board of school trustees shall be
30 placed on the ballot in the form prescribed by IC 3-10-1-19 or
31 ~~IC 3-11-2~~, IC 3-11, by residence districts without party designation.
32 The ballot must state the number of members to be voted upon and the
33 maximum number that may be elected from each residence district as
34 provided in the plan. A ballot is not valid where more than the
35 maximum number are voted upon from a board member residence
36 district. Candidates having the greatest number of votes are elected.
37 However, if more than the maximum number that may be elected from
38 a residence district are among those having the greatest number of
39 votes, the lowest of those candidates from the residence districts in
40 excess of the maximum number shall be eliminated in determining the
41 candidates who are elected.

42 (h) If the plan provides that members of the board of school trustees

2 district, nominees residing in each electoral district shall be placed on
3 the ballot in the form prescribed by IC 3-10-1-19 or ~~IC 3-11-2~~, **IC 3-11**,
4 without party designation. The ballot must state the number to be voted
