Places the infants and toddlers with disabilities program (first steps) under the bureau of child development services. Reorganizes language regarding the copayment schedule and copayment requirements. Specifies the health records to which the division has access in administering first steps. Requires families participating in first steps to consent to allow the division to bill third party payors. Requires the division to waive a family's copayment in any month for which the division receives payment from the family's health insurance coverage. Makes conforming amendments, including a repeal of current provisions concerning first steps. (The introduced version of this bill was prepared by the commission on mental retardation and developmental disabilities.) **(This conference committee report removes a provision that provides that the department of insurance, when considering protection against insolvency for a health maintenance organization, may accept, instead of meeting the minimum net worth requirements, either a performance bond or cash deposit.)**
