SECTION 3. IC 36-2-14-6 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]: Sec. 6. (a) Whenever the coroner is notified that a person in the county:

(b) The coroner shall file with the person in charge of interment a coroner's certificate of death within seventy-two (72) hours after being notified of the death. If the cause of death is not established with reasonable certainty within seventy-two (72) hours, the coroner shall file with the person in charge of interment a coroner's certificate of death, with the cause of death designated as "deferred pending further action". As soon as ~~he~~ **the coroner** determines the cause of death, the coroner shall file a supplemental report indicating ~~his~~ **the** exact findings with the local health officer having jurisdiction, who shall make it part of ~~his~~ **the health officer's** official records.

(c) If this section applies, the body and the scene of death may not be disturbed until:

However, a coroner or law enforcement officer may order a body to be moved before photographs are taken if the position or location of the body unduly interferes with activities carried on where the body is found, but the body may not be moved from the immediate area and must be moved without substantially destroying or altering the evidence present.

(d) When acting under this section, if the coroner considers it necessary to have an autopsy performed, is required to perform an autopsy under subsection (f), or is requested by the prosecuting attorney of the county to perform an autopsy, the coroner shall employ a physician:

- (3) two (2) physicians who are licensed to practice medicine in the state and who have made separate examinations of the decedent certify the same cause of death in an affidavit within twenty-four (24) hours after death;

an autopsy need not be performed. The affidavits shall be filed with the circuit court clerk.

(f) A county coroner may not certify the cause of death in the case of the sudden and unexpected death of a child who is at least one (1) week old and not more than three (3) years old unless an autopsy is performed at county expense. However, a coroner may certify the cause of death of a child described in this subsection without the performance of an autopsy if subsection (e) applies to the death of the child.

(k) Upon receipt of a petition for modification or termination filed under subsection (j), the court may:

- (1) summarily grant, modify, or dismiss the petition; or

If the court sets the matter for hearing, upon the motion of any party or upon the court's own motion, the court may close the hearing to the public.

(l) If the person filing the petition for modification or termination proves by a preponderance of the evidence that:

- (1) the public interest will be served by allowing access; and
- (2) access to the information specified in subsection (a) would not create a significant risk to the criminal investigation of the death;

the court shall modify or terminate its order restricting access to the information. In ruling on a request under this subsection, the court shall state the court's reasons for granting or denying the request.

(b) A county auditor may not withhold the paycheck of a coroner if a coroner is legally prohibited from releasing a written report or from releasing a full autopsy report. However, a coroner is required to release a written report or full autopsy report as soon as possible after the legal prohibition on releasing the written report or full autopsy report ceases to exist.
