FISCAL IMPACT STATEMENT

LS 6135
BILL NUMBER: HB 1056

NOTE PREPARED: Nov 8, 2007
BILL AMENDED:

SUBJECT: Smoking in Passenger Vehicles.

FIRST AUTHOR: Rep. Brown C
FIRST SPONSOR:

BILL STATUS: As Introduced

FUNDS AFFECTED: **GENERAL**
 DEDICATED
 FEDERAL

IMPACT: State & Local

Summary of Legislation: The bill provides a \$25 penalty for a person who smokes in a passenger motor vehicle while a minor who is less than 13 years of age is in the vehicle. It prohibits stopping, inspecting, or detaining a person solely to determine compliance. It also provides that the penalty for a subsequent violation is \$100. The bill deposits penalties into the Tobacco Use Prevention and Cessation Trust Fund.

Effective Date: July 1, 2008.

Explanation of State Expenditures:

Explanation of State Revenues: There are no data to indicate how many people may be fined for smoking in a passenger vehicle with a child less than 13 years old. An offense would be a Class C infraction. However, for a first offense, the fine would be \$25, and each subsequent offense is \$100. The judgments are to be deposited in the Tobacco Use Prevention and Cessation Trust Fund. (Under current statute, the maximum judgment for a Class C infraction is \$500 and is deposited in the state General Fund.)

If court actions are filed and a judgment is entered, a court fee of \$70 would be assessed, 70% of which would be deposited in the state General Fund if the case is filed in a court of record or 55% if the case is filed in a city or town court. In addition, some or all of the judicial salaries fee (\$17), the public defense administration fee (\$3), the court administration fee (\$3), and the judicial insurance adjustment fee (\$1) are deposited into the state General Fund.

Background on the Tobacco Use Prevention and Cessation Trust Fund: The Tobacco Use Prevention and Cessation Trust Fund is operated by the State Department of Health to make grants to implement the

long-range state plan and pay the general operating and administrative expenses of the executive board of the Fund. The Fund consists of money distributed from the Indiana Tobacco Master Settlement Agreement Fund by statute; appropriations from other sources; grants, gifts, and donations; and accrued interest. Money in the fund at the end of a state fiscal year does not revert to the state General Fund.

Explanation of Local Expenditures:

Explanation of Local Revenues: If additional court actions are filed and a judgment is entered, local governments would receive revenue from the following sources. The county general fund would receive 27% of the \$70 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. Additional fees may be collected at the discretion of the judge and depending upon the particular type of case.

State Agencies Affected:

Local Agencies Affected: Trial courts, local law enforcement agencies.
