Included in the above appropriations for house and senate expenses are funds for
a legislative business per diem allowance, meals, and other usual and customary expenses
associated with legislative affairs. Except as provided below, this allowance is
to be paid to each member of the general assembly for every day, including Sundays,
during which the general assembly is convened in regular or special session, commencing
with the day the session is officially convened and concluding with the day the session
is adjourned sine die. However, after five (5) consecutive days of recess, the legislative
business per diem allowance is to be made on an individual voucher basis until the
recess concludes.

Members of the general assembly are entitled, when authorized by the speaker of the
house or the president pro tempore of the senate, to the legislative business per
The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general assembly shall receive the mileage allowance in an amount equal to the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service for each mile necessarily traveled from the member's usual place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

Any member of the general assembly who is appointed, by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or Indiana legislative council to serve on any research, study, or survey committee or commission, or who attends any meetings authorized or convened under the auspices of the Indiana legislative council, including pre-session conferences and federal-state relations conferences, is entitled, when authorized by the legislative council, to receive the legislative business per diem allowance for each day in actual attendance and is also entitled to a mileage allowance, at the rate specified above, for each mile necessarily traveled from the member's usual place of residence to the state capitol, or other in-state site of the committee, commission, or conference.

The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive:

(1) the legislative business per diem allowance for each day the member is engaged in approved out-of-state travel; and

(2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and
approved by the budget agency do not apply to members of the general assembly, to
the staffs of the house of representatives, senate, or legislative services agency,
or to lay members serving on research, study, or survey committees or commissions
under the jurisdiction of the legislative council (if the legislative council applies
its travel policies and procedures to lay members under the authority of this SECTION),
except that, until the legislative council adopts travel policies and procedures,
the state travel policies and procedures established by the Indiana department of
administration and approved by the budget agency apply to members of the general
assembly, to the staffs of the house of representatives, senate, and legislative
services agency, and to lay members serving on research, study, or survey committees
or commissions under the jurisdiction of the legislative council. The executive director
of the legislative services agency is responsible for the administration of travel
policies and procedures adopted by the legislative council. The auditor of state
shall approve and process claims for reimbursement of travel related expenses under
this paragraph based upon the written affirmation of the speaker of the house of
representatives, the president pro tempore of the senate, or the executive director
of the legislative services agency that those claims comply with the travel policies
and procedures adopted by the legislative council. If the funds appropriated for
the house and senate expenses and legislative salaries are insufficient to pay all
the necessary expenses incurred, including the cost of printing the journals of the
house and senate, there is appropriated such further sums as may be necessary to
pay such expenses.

The department may establish an account to be known as the "local government revolving account". The account is to be used to administer the federal-local highway construction program. All contracts issued and all funds received for federal-local projects under this program shall be entered into this account.

If the federal apportionments for the fiscal years covered by this act exceed the above estimated appropriations for the department or for local governments, the excess federal apportionment is hereby appropriated for use by the department with the approval of the governor and the budget agency.

The department shall bill, in a timely manner, the federal government for all department payments that are eligible for total or partial reimbursement.

The department may let contracts and enter into agreements for construction and preliminary engineering during each year of the 2009-2011 biennium that obligate not more than one-third (1/3) of the amount of state funds estimated by the department to be available for appropriation in the following year for formal contracts and consulting engineers for the capital improvements program.

Under IC 8-23-5-7(a), the department, with the approval of the governor, may construct and maintain roadside parks and highways where highways will connect any state highway now existing, or hereafter constructed, with any state park, state forest preserve, state game preserve, or the grounds of any state institution. There is appropriated to the department of transportation an amount sufficient to carry out the provisions of this paragraph. Under IC 8-23-5-7(d), such appropriations shall be made from the motor vehicle highway account before distribution to local units of government.

LOCAL TECHNICAL ASSISTANCE AND RESEARCH

Under IC 8-14-1-3(6), there is appropriated to the department of transportation an amount sufficient for:

1. the program of technical assistance under IC 8-23-2-5(6); and
2. the research and highway extension program conducted for local government under IC 8-17-7-4.

The department shall develop an annual program of work for research and extension in cooperation with those units being served, listing the types of research and educational programs to be undertaken. The commissioner of the department of transportation may
make a grant under this appropriation to the institution or agency selected to conduct
the annual work program. Under IC 8-14-1-3(6), appropriations for the program of
technical assistance and for the program of research and extension shall be taken
from the local share of the motor vehicle highway account.

Under IC 8-14-1-3(7) there is hereby appropriated such sums as are necessary to maintain
a sufficient working balance in accounts established to match federal and local money
for highway projects. These funds are appropriated from the following sources in
the proportion specified:
(1) one-half (1/2) from the forty-seven percent (47%) set aside of the motor vehicle
highway account under IC 8-14-1-3(7); and
(2) for counties and for those cities and towns with a population greater than five
thousand (5,000), one-half (1/2) from the distressed road fund under IC 8-14-8-2.

AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA)

There is appropriated to the department of transportation the following sums for
the periods and purposes designated under the American Recovery and Reinvestment
Act (ARRA) of 2009.

FOR THE DEPARTMENT OF TRANSPORTATION

| Highway Capital Improvements - Metro Planning Organizations, Cities, Towns, and Counties | 198,000,000 |
| Highway Capital Improvements - Metro Planning Organizations, Cities, Towns, and Counties | 198,000,000 |
| Rural Transit Funds | 20,000,000 |
| As soon as practical after passage of this act, the department with the approval
of the governor shall prepare a plan for the allocation and expenditure of the appropriations
listed above. The plan shall list the projects to be funded. The department shall
present the plan to the state budget committee for review under IC 4-12-1-11.5.

In preparing that portion of the plan for expenditure for Highway Capital Improvements
and Transportation Enhancements, the department shall adhere to the following goals
to the extent practical:

(1) The plan shall comply with all applicable federal statutes, rules, and policies
as necessary to ensure eligibility for the maximum level of federal funding.
(2) The plan shall be designed to obligate the federal funds and begin construction
as soon as practical.
(3) The plan shall be designed to minimize the likelihood that any funding apportioned
to Indiana will have to be returned to the federal government.
(4) The plan shall strive to make Indiana eligible for any increased funding that
may become available as a result of reallocation from other states.
(5) The plan shall reasonably allocate funding to projects located across all areas
of the state, with an emphasis on areas determined by the department to be economically
distressed.
(6) The department may hold special lettings for contracts using the above appropriations.
The department shall strive to limit each contract to a maximum of $10,000,000.
(7) The department shall strive to diversify the type of work using the above appropriations.

In preparing that portion of the plan for expenditure for Highway Capital Improvements
- Local Government and Highway Capital Improvements - Metro Planning Organizations,
Cities, Towns, and Counties, the department shall adhere to the following guidelines
to the extent practical:

(1) The plan shall comply with all applicable federal statutes, rules, and policies
as necessary to ensure eligibility for the maximum level of federal funding.
(2) The plan shall be designed to obligate the federal funds and begin construction
as soon as practical.
(3) The plan shall be designed to minimize the likelihood that any funding apportioned
to Indiana will have to be returned to the federal government.
(4) The plan shall strive to make Indiana eligible for any increased funding that
may become available as a result of reallocation from other states.
(5) The plan shall reasonably allocate funds to projects located across all areas
of the state. However, if the department cannot identify local government projects
that can be obligated within the established time frames the department may allocate
funds as necessary to fully obligate all federal funding.
(6) For Highway Capital Improvements for Metro Planning Organizations the plan shall
include projects selected by the respective metropolitan planning organizations.
However, if the metropolitan planning organizations cannot identify projects that
can be obligated within the established time frames, the department may select alternate
projects as necessary to fully obligate all federal funding.
(7) The department may hold special lettings for contracts using the above appropriations.
The department shall strive to limit each contract for Highway Capital Improvements
for Cities, Towns, and Counties to a maximum of $7,000,000.

The department shall establish reasonable policies and guidelines for cities, towns,
and counties and metropolitan planning organizations to follow to help ensure reasonable
access and timely obligation of funds. The department shall provide reasonable assistance
to cities, towns, and counties and metropolitan planning organizations in meeting
deadlines established to ensure timely obligation of funding.

If the governor finds that any of the above goals conflict with another goal, the
governor shall determine the appropriate weight to give to each goal. Actions taken
by the governor or the department with respect to allocation, obligation, or expenditure
of the above appropriations before passage of this act is deemed to have satisfied
the requirement for budget committee review providing such actions were taken to
conform to the plan or to comply with laws, policies, or direction issued by the United States Department of Transportation or any other federal agency as a condition to qualifying for the federal funds.

The department with the approval of the governor may adjust the above appropriations for Highway Capital Improvements, Transportation Enhancements, Highway Capital Improvements - Metropolitan Planning Organizations, Cities, Towns, and Counties as necessary to comply with federal law, policies, or direction established to ensure continuing eligibility for federal funding.

The department shall submit reports to the budget committee and legislative council by December 31 of 2009, 2010, and 2011 detailing the status of the appropriations and projects funded under the plan. The department may submit copies of reports required to be submitted to the federal government to fulfill this requirement.

The above appropriations do not revert but remain in effect until obligated.

The above appropriations for drug afflicted babies shall be used for the following purposes:

(1) All newborn infants shall be tested for the presence of a controlled substance in the infant's meconium if they meet the criteria established by the state department of health. These criteria will, at a minimum, include all newborns, if at birth:
   (A) the infant's weight is less than two thousand five hundred (2,500) grams;
   (B) the infant's head is smaller than the third percentile for the infant's gestational age; and
   (C) there is no medical explanation for the conditions described in clauses (A) and (B).

(2) If a meconium test determines the presence of a controlled substance in the infant's meconium, the infant may be declared a child in need of services as provided in IC 31-34-1-10 through IC 31-34-1-13. However, the child's mother may not be prosecuted in connection with the results of the test.

(3) The state department of health shall provide forms on which the results of a meconium test performed on an infant under subdivision (1) must be reported to the state department of health by physicians and hospitals.

(4) The state department of health shall, at least semi-annually:
   (A) ascertain the extent of testing under this chapter; and
   (B) report its findings under subdivision (1) to:
      (i) all hospitals;
      (ii) physicians who specialize in obstetrics and gynecology or work with infants and young children; and
      (iii) any other group interested in child welfare that requests a copy of the report from the state department of health.

(5) The state department of health shall designate at least one (1) laboratory to perform the meconium test required under subdivisions (1) through (8). The designated laboratories shall perform a meconium test on each infant described in subdivision (1) to detect the presence of a controlled substance.

(6) Subdivisions (1) through (7) do not prevent other facilities from conducting tests on infants to detect the presence of a controlled substance.

(7) Each hospital and physician shall:
   (A) take or cause to be taken a meconium sample from every infant born under the hospital's and physician's care who meets the description under subdivision (1); and
   (B) transport or cause to be transported each meconium sample described in clause (A) to a laboratory designated under subdivision (5) to test for the presence of a controlled substance as required under subdivisions (1) through (7).

(8) The state department of health shall establish guidelines to carry out this program, including guidance to physicians, medical schools, and birthing centers.
as to the following:

(A) Proper and timely sample collection and transportation under subdivision (7) of this appropriation.

(B) Quality testing procedures at the laboratories designated under subdivision (5) of this appropriation.

(C) Uniform reporting procedures.

(D) Appropriate diagnosis and management of affected newborns and counseling and support programs for newborns' families.

(9) A medically appropriate discharge of an infant may not be delayed due to the results of the test described in subdivision (1) or due to the pendency of the results of the test described in subdivision (1).

(B) If appropriations and program reserves are sufficient and the maximum awards
are not at the levels described in subdivision (2)(A) and (2)(B), all awards may be adjusted by the commission by proportionally increasing the awards to the maximum award under that subdivision so that parity between those maxima is maintained but not exceeded.

For the Hoosier scholar program for the 2009-2011 biennium, each award shall not exceed five hundred dollars ($500) and shall be made available for one (1) year only. Receipt of this award shall not reduce any other award received under any state funded student assistance program.

The above appropriations for full day kindergarten are available to school corporations and charter schools that apply to the department of education for funding of full day kindergarten. The amount available to a school corporation or charter school equals the amount appropriated divided by the total number of eligible pupils (as defined in IC 20-43-1-11) enrolled in full day kindergarten in all participating school corporations and charter schools in the current year, and then multiplied by the total number of eligible pupils (as defined in IC 20-43-1-11) enrolled in full day kindergarten in the school corporation or charter school in the current year, as determined on the initial count. However, a school corporation or charter school may not receive more than $1,132 dollars per student for full day kindergarten. A school corporation or charter school that is awarded a grant must provide to the department of education a financial report stating how the funds were spent. Any unspent funds at the end of the biennium must be returned to the state by the school corporation or charter school.

To provide full day kindergarten programs, a school corporation or charter school that determines there is inadequate space to offer a program in the school corporation's or charter school's existing facilities may offer the program in any suitable space located within the geographic boundaries of the school corporation or, in the case of a charter school, a location that is in the general vicinity of the charter school's existing facilities. A full day kindergarten program offered by a school corporation or charter school must meet the academic standards and other requirements of IC 20.

A school corporation or charter school that receives a grant must meet the academic standards and other requirements of IC 20.

In awarding grants from the above appropriations, the department of education may not refuse to make a grant to a school corporation or reduce the award that would otherwise be made to the school corporation because the school corporation used federal grants or loans, including Title I grants, to fund part or all of the school corporation's full day kindergarten program in a school year before the school year in which the grant will be given or because the school corporation intends to use federal grants or loans, including Title I grants, to fund part of the school corporation's full day kindergarten program in a school year in which the grant will be given.

The state board and department shall provide support to school corporations and charter schools in the development and implementation of child centered and learning focused programs using the following methods:

1. Targeting professional development funds to provide teachers in kindergarten
through grade 3 education in:

(A) scientifically proven methods of teaching reading;
(B) the use of data to guide instruction; and
(C) the use of age appropriate literacy and mathematics assessments.

(2) Making uniform, predictively valid, observational assessments that:
(A) provide frequent information concerning the student's progress to the student's teacher; and
(B) measure the student's progress in literacy;
available to teachers in kindergarten through grade 3. Teachers shall monitor students participating in a program, and the school corporation or charter school shall report the results of the assessments to the parents of a child completing an assessment and to the department.

(3) Undertaking a longitudinal study of students in programs in Indiana to determine the achievement levels of the students in kindergarten and later grades.

SECTION 13. [EFFECTIVE JULY 1, 2009]

Utility bills for the month of June, travel claims covering the period June 16 to June 30, payroll for the period of the last half of June, any interdepartmental bills for supplies or services for the month of June, and any other miscellaneous expenses incurred during the period June 16 to June 30 shall be charged to the appropriation for the succeeding year. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.

SECTION 14. [EFFECTIVE JULY 1, 2009]
The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. This amount may not exceed actual lodging and miscellaneous expenses incurred. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service.

All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner, are to be used only for travel within the state of Indiana, unless those expenses are incurred in traveling outside the state of Indiana on trips that previously have received approval as required by the state travel policies and procedures established by the Indiana department of administration and the budget agency. With the required approval, a reimbursement for out-of-state travel expenses may be granted in an amount not to exceed actual lodging and miscellaneous expenses incurred. A person in travel status is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service for properly approved travel within the continental United States and a minimum of $50 during any twenty-four (24) hour period for properly approved travel outside the continental United States. However, while traveling in Japan, the minimum meal allowance shall not be less than $90 for any twenty-four (24) hour period. While traveling in Korea and Taiwan, the minimum meal allowance shall not be less than $85 for any twenty-four (24) hour period. While traveling in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not be less than $65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval for out-of-state travel may be given by the chief executive officer of the institution, or the chief executive officer's authorized designee, for the chief executive officer's respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require documentation as prescribed in the state travel policies and procedures established by the Indiana department of administration and the budget agency. No appropriation from any fund may be construed as authorizing the payment of any sum in excess of the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service when used in the discharge of state business.

The Indiana department of administration and the budget agency may adopt policies and procedures relative to the reimbursement of travel and moving expenses of new state employees and the reimbursement of travel expenses of prospective employees who are invited to interview with the state.

SECTION 15. [EFFECTIVE JULY 1, 2009]

Notwithstanding IC 4-10-11-2.1, the salary per diem of members of boards, commissions, and councils who are entitled to a salary per diem is $50 per day. However, members of boards, commissions, or councils who receive an annual or a monthly salary paid
by the state are not entitled to the salary per diem provided in IC 4-10-11-2.1.

SECTION 16. [EFFECTIVE JULY 1, 2009]

No payment for personal services shall be made by the auditor of state unless the payment has been approved by the budget agency or the designee of the budget agency.

SECTION 17. [EFFECTIVE JULY 1, 2009]

No warrant for operating expenses, capital outlay, or fixed charges shall be issued to any department or an institution unless the receipts of the department or institution have been deposited into the state treasury for the month. However, if a department or an institution has more than $10,000 in daily receipts, the receipts shall be deposited into the state treasury daily.

SECTION 18. [EFFECTIVE JULY 1, 2009]

In case of loss by fire or any other cause involving any state institution or department, the proceeds derived from the settlement of any claim for the loss shall be deposited in the state treasury, and the amount deposited is hereby reappropriated to the institution or department for the purpose of replacing the loss. If it is determined that the loss shall not be replaced, any funds received from the settlement of a claim shall be deposited into the state general fund.

SECTION 19. [EFFECTIVE JULY 1, 2009]

If an agency has computer equipment in excess of the needs of that agency, then the excess computer equipment may be sold under the provisions of surplus property sales, and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the then current year, if approved by the director of the budget agency.

SECTION 20. [EFFECTIVE JULY 1, 2009]

If any state penal or benevolent institution other than the Indiana state prison, Pendleton correctional facility, or Putnamville correctional facility shall, in the operation of its farms, produce products or commodities in excess of the needs of the institution, the surplus may be sold through the division of industries and farms, the director of the supply division of the Indiana department of administration, or both. The proceeds of any such sale or sales shall be deposited in the state treasury. The amount deposited is hereby reappropriated to the institution for expenses of the then current year if approved by the director of the budget agency. The exchange between state penal and benevolent institutions of livestock for breeding purposes only is hereby authorized at valuations agreed upon between the superintendents or wardens of the institutions. Capital outlay expenditures may be made from the institutional industries and farms revolving fund if approved by the budget agency and the governor.

SECTION 21. [EFFECTIVE JULY 1, 2009]
This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

SECTION 22. [EFFECTIVE JULY 1, 2009]

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

SECTION 23. [EFFECTIVE JULY 1, 2009]

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

SECTION 24. [EFFECTIVE JULY 1, 2009]

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the Indiana department of administration or the commissioner's designee:

(1) In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.

(2) In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.

(3) In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment.

In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration,
or the commissioner's designee. There shall be an insignia permanently affixed on
each side of all state owned cars, designating the cars as being state owned. However,
this requirement does not apply to state owned cars driven by elected state officials
or to cases where the commissioner of the Indiana department of administration or
the commissioner's designee determines that affixing insignia on state owned cars
would hinder or handicap the persons driving the cars in the performance of their
official duties.

SECTION 25. [EFFECTIVE JULY 1, 2009]

When budget agency approval or review is required under this act, the budget agency
may refer to the budget committee any budgetary or fiscal matter for an advisory
recommendation. The budget committee may hold hearings and take any actions authorized
by IC 4-12-1-11, and may make an advisory recommendation to the budget agency.

SECTION 26. [EFFECTIVE JULY 1, 2009]

The governor of the state of Indiana is solely authorized to accept on behalf of
the state any and all federal funds available to the state of Indiana. Federal funds
received under this SECTION are appropriated for purposes specified by the federal
government, subject to allotment by the budget agency. The provisions of this SECTION
and all other SECTIONS concerning the acceptance, disbursement, review, and approval
of any grant, loan, or gift made by the federal government or any other source to
the state or its agencies and political subdivisions shall apply, notwithstanding
any other law.

SECTION 27. [EFFECTIVE JULY 1, 2009]

Federal funds received as revenue by a state agency or department are not available
to the agency or department for expenditure until allotment has been made by the
budget agency under IC 4-12-1-12(d).

SECTION 28. [EFFECTIVE JULY 1, 2009]

A contract or an agreement for personal services or other services may not be entered
into by any agency or department of state government without the approval of the
budget agency or the designee of the budget director.

SECTION 29. [EFFECTIVE JULY 1, 2009]

Except in those cases where a specific appropriation has been made to cover the payments
for any of the following, the auditor of state shall transfer, from the personal
services appropriations for each of the various agencies and departments, necessary
payments for Social Security, public employees' retirement, health insurance, life
insurance, and any other similar payments directed by the budget agency.

SECTION 30. [EFFECTIVE JULY 1, 2009]

Subject to SECTION 25 of this act as it relates to the budget committee, the budget
agency with the approval of the governor may withhold allotments of any or all appropriations contained in this act for the 2009-2011 biennium, if it is considered necessary to do so in order to prevent a deficit financial situation.

SECTION 33. [EFFECTIVE JULY 1, 2009]

The budget agency may employ one (1) or more architects or engineers to inspect construction, rehabilitation, and repair projects covered by the appropriations in this act or previous acts.

SECTION 34. [EFFECTIVE JULY 1, 2009]

If any part of a construction or rehabilitation and repair appropriation made by this act or any previous acts has not been allotted or encumbered before the expiration of two (2) biennia, the budget agency may determine that the balance of the appropriation is not available for allotment. The appropriation may be terminated, and the balance may revert to the fund from which the original appropriation was made.

SECTION 35. [EFFECTIVE UPON PASSAGE]

The budget agency may retain balances in the mental health fund at the end of any fiscal year to ensure there are sufficient funds to meet the service needs of the developmentally disabled and the mentally ill in any year.

SECTION 36. [EFFECTIVE JULY 1, 2009]

If the budget director determines at any time during the biennium that the executive branch of state government cannot meet its statutory obligations due to insufficient funds in the general fund, then notwithstanding IC 4-10-18, the budget agency, with the approval of the governor and after review by the budget committee, may transfer from the counter-cyclical revenue and economic stabilization fund to the general fund any additional amount necessary to maintain a positive balance in the general fund.

SECTION 37. [EFFECTIVE UPON PASSAGE] (a) As used in this SECTION, "ARRA" refers to the federal American Recovery and Reinvestment Act of 2009. (b) As used in this SECTION, "Title I" refers to Title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.). (c) With respect to ARRA funds that are specifically designated for subgrants to local education agencies based on Title I or incentive grants, the following apply: (1) There is appropriated from those ARRA funds two hundred twenty-one million six hundred sixty thousand dollars ($221,660,000) for local education agencies. This appropriation of ARRA funds does not expire, and the ARRA funds may be allotted beginning with receipt of the funds. The appropriation may be augmented.
(2) The appropriation is in addition to any other distributions that school corporations may receive or be eligible for under Title I.

(3) The governor and the department of education may take any actions necessary to qualify the state for the ARRA funds related to Title I. If permitted by the ARRA, school corporations shall submit plans to the department of education for approval before spending the ARRA funds related to Title I.

   (A) Repair and rehabilitation of facilities.
   (B) Upgrading technology or equipment.
   (C) Training or professional development.
   (D) Summer school or other remediation programs and purposes for which the expenses are one (1) time in nature and do not increase the base operating expenses of schools to a level that would be difficult to maintain.

SECTION 38. [EFFECTIVE UPON PASSAGE] (a) As used in this SECTION, "ARRA" refers to the federal American Recovery and Reinvestment Act of 2009.
(b) With respect to ARRA funds under Division A, Title VIII of the ARRA for special education, the following apply:
   (1) There is appropriated from those ARRA funds two hundred seventy-one million three hundred thirty-three thousand dollars ($271,333,000) for local education agencies. This appropriation of the ARRA funds for special education does not expire, and the ARRA funds may be allotted beginning with receipt of the funds. The appropriation may be augmented.
   (2) The appropriation is in addition to any other distributions that schools corporations may receive or be eligible for special education.
   (3) The governor and the department of education may take any actions necessary to qualify the state for the ARRA funds under Division A, Title VIII of the ARRA. If permitted by the ARRA, school corporations shall submit plans to the department of education for approval before spending the ARRA funds under Division A, Title VIII of the ARRA.
   (4) To the extent it does not conflict with federal law or rules or guidelines that would make Indiana ineligible to receive ARRA funds under Division A, Title VIII of the ARRA, the ARRA funds must be used to support special education students for the following:
      (A) Repair and rehabilitation of facilities.
      (B) Upgrading technology or equipment, including adaptive technology.
      (C) Training or professional development.
      (D) Programs and purposes for which the expenses are one (1) time in nature and do not increase the base operating expenses of school corporations to a level that would be difficult to maintain.

SECTION 39. [EFFECTIVE FEBRUARY 1, 2009, (RETROACTIVE)] (a) As used in this SECTION, "ARRA" refers to the federal American Recovery and Reinvestment Act of 2009.
(b) The governor may make application to the federal government for ARRA funds. The governor may take those actions necessary to qualify the state for the ARRA funds.
(c) The governor of the state of Indiana is solely authorized to accept on behalf of the state any and all ARRA funds available to the state of Indiana. ARRA funds received as revenue by a state agency or department are not available to the agency or department for expenditure until allotment has been made by the budget agency under IC 4-12-1-12(d).
(d) The governor shall submit a report covering applications filed and any action necessary to qualify the state for the ARRA funds to the executive director of the legislative services agency in an electronic format under IC 5-14-6. To satisfy this requirement, the governor may submit copies of reports required to be filed with the appropriate federal agency concerning use of the funds.

(e) The provisions of this SECTION and all other SECTIONS concerning the acceptance, disbursement, review, and approval of ARRA funds made by the federal government to the state or its agencies and political subdivisions apply, notwithstanding any other law.

SECTION 40. [EFFECTIVE UPON PASSAGE] (a) As used in this SECTION, "ARRA" means the federal American Recovery and Reinvestment Act of 2009.

(b) In appropriating the money to be received by Indiana from the state fiscal stabilization fund administered by the federal Department of Education under Division A, Title XIV of the ARRA, the general assembly has made every effort to comply with the requirements and intent expressed in Division A, Title XIV of the ARRA so that the governor may make the assurances required by Section 14005(d) of the ARRA.

(c) If the federal Department of Education or any other federal agency:

(1) determines that Indiana may not meet; or

(2) adopts additional administrative regulations or provides guidelines regarding:

the requirements of Section 14002(a)(2) of the ARRA, which results in Indiana not being eligible for some part of the federal funds under Division A, Title XIV of the ARRA, the governor shall promptly request a waiver from the Secretary of the federal Department of Education under Section 14012 of the ARRA to ensure full availability of funding.

(d) This SECTION expires January 1, 2012.

STEP THREE: Divide seventy million dollars ($70,000,000) by the STEP TWO amount, rounding to the nearest ten thousandth (0.0001).

STEP FOUR: Multiply the STEP THREE result by the STEP ONE amount, rounding to the nearest dollar ($1); an amount equal to three and fifty-four hundredths percent (3.54%) of the school corporation's total combined property tax levy for 2010, rounded to the nearest dollar ($1).

STEP THREE: Determine the greater of:

(A) zero (0); or
(B) the STEP ONE amount minus the STEP TWO amount.

SECTION 101. IC 20-43-3-4, AS AMENDED BY P.L.146-2008, SECTION 485, IS AMENDED
TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2009 (RETROACTIVE)]: Sec. 4. (a) This
subsection applies to calendar year 2009. A school corporation's previous year revenue equals the
amount determined under STEP TWO of the following formula:

STEP ONE: Determine the sum of the following:
(A) The school corporation's basic tuition support for the year that precedes the current year.
(B) The school corporation's maximum permissible tuition support levy for calendar year
2008.
(C) The school corporation's excise tax revenue for calendar year 2007.

STEP TWO: Subtract from the STEP ONE result an amount equal to the reduction in the school
corporation's state tuition support under any combination of subsection (b); (c), subsection (e);
d), IC 20-10.1-2-1 (before its repeal), or IC 20-30-2-4.

(b) This subsection applies to calendar years 2010 and 2011. A school corporation's previous
year revenue equals the amount determined under STEP TWO of the following formula:

STEP ONE: Determine the sum of the following:
(A) The school corporation's basic tuition support for the year that precedes the current
year.
(B) The distribution to the school corporation under IC 20-43-11.5 in the year that
precedes the current year to cover the costs of opening a new school facility during the
year that precedes the current year by two (2).
(C) The amount of the annual decrease in federal aid to impacted areas from the year
preceding the ensuing calendar year by three (3) years to the year preceding the ensuing
calendar year by two (2) years.

STEP TWO: Subtract from the STEP ONE result an amount equal to the reduction in the school
corporation's state tuition support under any combination of subsection (c) or
IC 20-30-2-4.

(b) (c) A school corporation's previous year revenue must be reduced if:
(1) the school corporation's state tuition support for special education or career and technical
education is reduced as a result of a complaint being filed with the department after December
31, 1988, because the school program overstated the number of children enrolled in special
education programs or career and technical education programs; and
(2) the school corporation's previous year revenue has not been reduced under this subsection
more than one (1) time because of a given overstatement.

The amount of the reduction equals the amount the school corporation would have received in state
tuition support for special education and career and technical education because of the overstatement.
(e) (d) This section applies only to 2009. A school corporation's previous year revenue must be
reduced if an existing elementary or secondary school located in the school corporation converts to
a charter school under IC 20-24-11. The amount of the reduction equals the product of:
(1) the sum of the amounts distributed to the conversion charter school under IC 20-24-7-3(c) and
IC 20-24-7-3(d) (as effective December 31, 2008); multiplied by
(2) two (2).

corporation's complexity index is determined under the following formula:

STEP ONE: Determine the greater of zero (0) or the result of the following:

1. Determine the percentage of the school corporation's students who were eligible for free or reduced price lunches in the school year ending in the later of 2007 or the first year of operation of the school corporation.
2. Determine the quotient of:
   - (A) in 2008:
     1. two thousand two hundred fifty dollars ($2,250); divided by
     2. four thousand seven hundred ninety dollars ($4,790); and

     1. A) two thousand four hundred dollars ($2,400); divided by
     2. B) four thousand eight hundred twenty-five dollars ($4,825).
3. Determine the product of:
   - (A) the subdivision (1) amount; multiplied by
   - (B) the subdivision (2) amount.

STEP TWO: Determine the result of one (1) plus the STEP ONE result.

STEP THREE: This STEP applies if the STEP TWO result is equal to or greater than at least one and twenty-five hundredths (1.25). Determine the result of the following:

1. Subtract one and twenty-five hundredths (1.25) from the STEP TWO result.
2. Determine the result of:
   - (A) the STEP TWO result; plus
   - (B) the subdivision (1) result.

The data to be used in making the calculations under STEP ONE must be the data collected in the annual pupil enrollment count by the department.

(ii) the school corporation's current ADM;

(B) For a charter school located in Marion County that has previous year revenue that is not greater than zero (0); the charter school's STEP THREE amount is the weighted average of the transition to foundation revenue for the school corporations where the students counted in the current ADM of the charter school have legal settlement; as determined under item (iv) of the following formula:

(i) Determine the transition to foundation revenue for each school corporation where a student counted in the current ADM of the charter school has legal settlement:
(ii) For each school corporation identified in item (i); divide the item (i) amount by the school corporation's current ADM:
(iii) For each school corporation identified in item (i); multiply the item (ii) amount by the number of students counted in the current ADM of the charter school that have legal settlement in the particular school corporation:
(iv) Determine the sum of the item (iii) amounts for the charter school:

SECTION 113. IC 20-43-12 IS ADDED TO THE INDIANA CODE AS A NEW CHAPTER TO
READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2009 (RETROACTIVE)]:
Chapter 12. Fiscal Stabilization Fund Grant
Sec. 1. A school corporation is entitled to a fiscal stabilization fund grant.
Sec. 2. Subject to section 4 of this chapter, the amount of the fiscal stabilization fund grant
to which a school corporation is entitled in a year is equal to the result determined under STEP
SIX of the following formula:
STEP ONE: Determine the school corporation's basic tuition support for the current year.
STEP TWO: Determine the amount of the basic tuition support to which the school
corporation would have been entitled for the 2009 year if:
   (A) the school corporation's basic tuition support had been computed using the formula
for computing basic tuition support for 2009 as that formula existed after the
amendments made by P.L.146-2008; and
(B) the changes made to this article in the 2009 session of the general assembly were not
applied.

STEP THREE: For 2010 and 2011, determine the sum of:
(A) the STEP TWO amount divided by the school corporation's 2009 ADM; plus
(B) two hundred seventy-five dollars ($275) for 2010 and four hundred twenty-five
dollars ($425) for 2011.

STEP FOUR: Determine the result of:
(A) the school corporation's STEP THREE amount; multiplied by
(B) the school corporation's ADM for the current year.

STEP FIVE: For 2009, determine the STEP TWO amount, and for 2010 and 2011
determine the lesser of:
(A) the STEP FOUR amount; or
(B) the STEP TWO amount.

STEP SIX: Determine the greater of zero (0) or the result of:
(A) the STEP FIVE amount; minus
(B) the STEP ONE amount.

Sec. 3. Fiscal stabilization fund grants may be made only from Indiana's allocation of grants
to the states from the state fiscal stabilization fund under Section 14001(d) of Division A, Title
XIV of the federal American Recovery and Reinvestment Act of 2009. The total of all grants
distributed in a year to all school corporations may not exceed the lesser of the following:

(A) 2009, one hundred fifty-five million dollars ($155,000,000);
(B) 2010, one hundred seventy-eight million one hundred thousand dollars
($178,100,000); and
(C) 2011, one hundred eighty-three million seven hundred thousand dollars
($183,700,000); or

(2) the amount available to the state from Indiana's apportionment of grants to the states
from the state fiscal stabilization fund under Section 14001(d) of Division A, Title XIV of
the federal American Recovery and Reinvestment Act of 2009, after subtracting any
reduction required under section 7 of this chapter.

Sec. 4. If the total amount to be distributed as fiscal stabilization fund grants for a particular
year exceeds in a year the amount specified in section 3 of this chapter for the year, the amount
to be distributed for fiscal stabilization fund grants to each school corporation during each of
the last six (6) months of the year shall be proportionately reduced so that the total reductions
equal the amount of the excess.

Sec. 5. The amount of a reduction for a particular school corporation under section 4 of this
chapter is equal to the total amount of the excess determined under section 4 of this chapter
multiplied by a fraction. The numerator of the fraction is the amount of the distribution for
fiscal stabilization fund grants that the school corporation would have received if reduction were
not required under section 4 of this chapter. The denominator of the fraction is the total amount
that would be distributed for fiscal stabilization fund grants to all school corporations if
reductions were not required under section 4 of this chapter.

Sec. 6. A reduction in distributions under section 4 of this chapter shall be made before
making any additional reductions required under IC 20-43-2-3 and IC 20-43-2-4.

Sec. 7. (a) If the total amount to be distributed under:
(1) section 3 of this chapter for fiscal stabilization fund grants;

EH 1001—LS 7516/DI 51+ 172
(2) IC 20-20-36.2-11 for circuit breaker replacement grants; and
(3) any appropriations to state educational institutions that are payable from the amount available from Indiana's apportionment of grants to the states from the state fiscal stabilization fund established by Division A, Title XIV of the federal American Recovery and Reinvestment Act of 2009; exceeds the total amount available from Indiana's apportionment of grants to the states from the state fiscal stabilization fund under Section 14001(d) of Division A, Title XIV of the federal American Recovery and Reinvestment Act of 2009, as determined by the budget agency with the approval of the governor, the total amount to be distributed for fiscal stabilization fund grants shall be reduced to the extent required under subsection (b).
(b) If a shortfall exists in the amount needed to fund all distributions described in subsection (a), the budget agency, with the approval of the governor, shall reduce the total of all distributions described in subsection (a) by the amount necessary to eliminate the excess. The reductions shall be allocated by the budget agency with the approval of the governor among the three (3) categories of distributions described in subsection (a)(1), (a)(2), and (a)(3) as follows:
(1) The distributions shall be reduced in a manner that complies with Section 14002(a)(2)(B) of Division A, Title XIV of the federal American Recovery and Reinvestment Act of 2009.
(2) To the extent permitted under subdivision (1), the:
(A) distributions to state educational institutions shall be proportionally reduced first by the amount necessary to eliminate the shortfall before reducing any distribution described in subsection (a)(1) or (a)(2); and
(B) if any shortfall remains after complying with clause (A), distributions described in subsection (a)(2) shall be reduced as necessary to eliminate the shortfall before reducing any distribution described in subsection (a)(1).
