Summary of Legislation: (Amended) This bill requires the Health Finance Commission to study health plan provider contract provisions that would require a contracted provider to accept more than a certain number of patients. It requires the commission to report its findings and recommendations to the Legislative Council before November 1, 2009.

Effective Date: (Amended) Upon passage.

Explanation of State Expenditures: (Revised) This bill would have a minimal impact in FY 2010 only if the committee held a meeting or meetings that it would not have held were it not for the need to study the topic assigned under the bill. If the committee met an additional time or times to consider the topic, per diem and travel expenses for the committee would increase. However, total expenses for the committee could not exceed its budget, which is established by the Legislative Council. The budget for the 2008 interim was \$16,500.

The Health Finance Commission is funded from state General Fund appropriations to the Legislative Council and Legislative Services Agency.
