GENERAL GOVERNMENT

A. LEGISLATIVE

FOR THE GENERAL ASSEMBLY

LEGISLATORS' SALARIES - HOUSE

| Total Operating Expense | 6,198,756 |

HOUSE EXPENSES

| Total Operating Expense | 10,480,687 |

LEGISLATORS' SALARIES - SENATE

| Total Operating Expense | 2,247,345 |

SENATE EXPENSES

| Total Operating Expense | 10,345,072 |

Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals, and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

Members of the general assembly are entitled, when authorized by the speaker of the house or the president pro tempore of the senate, to the legislative business per diem allowance.
The legislative business per diem allowance for each and every day engaged in official business.

The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general assembly shall receive the mileage allowance in an amount equal to the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service for each mile necessarily traveled from the member's usual place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

Any member of the general assembly who is appointed, by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or Indiana legislative council to serve on any research, study, or survey committee or commission, or who attends any meetings authorized or convened under the auspices of the Indiana legislative council, including pre-session conferences and federal-state relations conferences, is entitled, when authorized by the legislative council, to receive the legislative business per diem allowance for each day in actual attendance and is also entitled to a mileage allowance, at the rate specified above, for each mile necessarily traveled from the member's usual place of residence to the state capitol, or other in-state site of the committee, commission, or conference. The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive:

(1) the legislative business per diem allowance for each day the member is engaged in approved out-of-state travel; and

(2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and...
approved by the budget agency do not apply to members of the general assembly, to
the staffs of the house of representatives, senate, or legislative services agency,
or to lay members serving on research, study, or survey committees or commissions
under the jurisdiction of the legislative council (if the legislative council applies
its travel policies and procedures to lay members under the authority of this SECTION),
except that, until the legislative council adopts travel policies and procedures,
the state travel policies and procedures established by the Indiana department of
administration and approved by the budget agency apply to members of the general
assembly, to the staffs of the house of representatives, senate, and legislative
services agency, and to lay members serving on research, study, or survey committees
or commissions under the jurisdiction of the legislative council. The executive director
of the legislative services agency is responsible for the administration of travel
policies and procedures adopted by the legislative council. The auditor of state
shall approve and process claims for reimbursement of travel related expenses under
this paragraph based upon the written affirmation of the speaker of the house of
representatives, the president pro tempore of the senate, or the executive director
of the legislative services agency that those claims comply with the travel policies
and procedures adopted by the legislative council. If the funds appropriated for
the house and senate expenses and legislative salaries are insufficient to pay all
the necessary expenses incurred, including the cost of printing the journals of the
house and senate, there is appropriated such further sums as may be necessary to
pay such expenses.

  Total Operating Expense 1,584,954,000

The foregoing appropriations for Medicaid current obligations and for Medicaid administration are for the purpose of enabling the office of Medicaid policy and planning to carry out all services as provided in IC 12-8-6. In addition to the above appropriations, all money received from the federal government and paid into the state treasury as
a grant or allowance is appropriated and shall be expended by the office of Medicaid
policy and planning for the respective purposes for which the money was allocated
and paid to the state. Subject to the provisions of P.L.46-1995, if the sums herein
appropriated for Medicaid current obligations and for Medicaid administration are
insufficient to enable the office of Medicaid policy and planning to meet its obligations,
then there is appropriated from the general fund such further sums as may be
necessary for that purpose, subject to the approval of the governor and the budget
agency.

However, the above appropriation for Medicaid-Current Obligations is reduced to the
extent that the state's share of expenditures for Medicaid current obligations from
the general fund has been reduced in the current state fiscal year as a result of
any increase in the federal medical assistance percentage that occurs after December
31, 2008. The office of Medicaid policy and planning established by IC 12-8-6-1 shall
determine on a monthly basis the amount by which the state and local share of expenditures
for Medicaid current obligations has been reduced in the immediately preceding month
and cumulatively in the current state fiscal year as a result of any increase in
the federal medical assistance percentage that occurs after December 31, 2008. The
office of Medicaid policy and planning shall report the amount of reduced expenditures
to the general assembly in an electronic format under IC 5-14-6 and the budget agency
not later than thirty (30) days after the close of the immediately following month.
The office of Medicaid policy and planning may revise any reported reduction to
reflect the best information available to the office. The office of Medicaid policy
and planning shall report the revised amount in the next scheduled report after the
revision is made. A final report concerning the total reduction in state expenditures
must be filed with the general assembly in an electronic format under IC 5-14-6
and the budget agency before August 1, 2010. The budget agency shall, on a monthly
basis, transfer the amount of the reduction in state expenditures, as determined
by the office of Medicaid policy and planning, from the general fund to the Medicaid
contingency and reserve account established under IC 4-12-1-15.5.

After June 30, 2009, the reimbursement rate for Medicaid providers may not be less
than the reimbursement rate in effect on January 1, 2009. In the case of the payment
of health facility Medicaid providers, Medicaid reimbursement may not be less than
a reimbursement rate based on the case mix reimbursement policies in effect on January
1, 2009. The Indiana Family and Social Services Administration, Office of Medicaid
Policy and Planning may not implement a five percent (5%) reduction or a reduction
at any other percentage of the type described in the document entitled "Notice of
Changes in Methods and Standards for Medicaid Payment for Institutional Providers"
as published in the Indiana Register (Document Identification Number
20081224-IR-405080943NRA).

Total Operating Expense 50,000,000
The above appropriation for supplemental disproportionate share distributions shall be distributed among Medicaid disproportionate share providers in proportion to the disproportionate share payments made to the provider under IC 12-15. However, if the sum of the balance of the Indiana check-up plan trust fund on July 1, 2009, and the amount that will be deposited in the Indiana check-up plan trust fund in the state fiscal year beginning July 1, 2009, will be insufficient to meet the total operating expenses of the Indiana check-up plan, state retiree health plan, and supplemental disproportionate share distributions that are payable from the Indiana check-up plan trust fund, the state budget agency shall first reduce allotments for supplemental disproportionate share distributions to eliminate the deficiency before reducing allotments for the Indiana check-up plan and state retiree health plan.

TEST FOR DRUG AFFLICTED BABIES
Tobacco Master Settlement Agreement Fund (IC 4-12-1-14.3)
Total Operating Expense 58,121

The above appropriations for drug afflicted babies shall be used for the following purposes:

(1) All newborn infants shall be tested for the presence of a controlled substance in the infant's meconium if they meet the criteria established by the state department of health. These criteria will, at a minimum, include all newborns, if at birth:
   (A) the infant's weight is less than two thousand five hundred (2,500) grams;
   (B) the infant's head is smaller than the third percentile for the infant's gestational age; and
   (C) there is no medical explanation for the conditions described in clauses (A) and (B).

(2) If a meconium test determines the presence of a controlled substance in the infant's meconium, the infant may be declared a child in need of services as provided in IC 31-34-1-10 through IC 31-34-1-13. However, the child's mother may not be prosecuted in connection with the results of the test.

(3) The state department of health shall provide forms on which the results of a meconium test performed on an infant under subdivision (1) must be reported to the state department of health by physicians and hospitals.

(4) The state department of health shall, at least semi-annually:
   (A) ascertain the extent of testing under this chapter; and
   (B) report its findings under subdivision (1) to:

      (ii) physicians who specialize in obstetrics and gynecology or work with infants and young children; and
      (iii) any other group interested in child welfare that requests a copy of the report from the state department of health.

(5) The state department of health shall designate at least one (1) laboratory to perform the meconium test required under subdivisions (1) through (8). The designated laboratories shall perform a meconium test on each infant described in subdivision (1) to detect the presence of a controlled substance.

(6) Subdivisions (1) through (7) do not prevent other facilities from conducting tests on infants to detect the presence of a controlled substance.

(7) Each hospital and physician shall:
   (A) take or cause to be taken a meconium sample from every infant born under the hospital's and physician's care who meets the description under subdivision (1); and
   (B) transport or cause to be transported each meconium sample described in clause (A)
to a laboratory designated under subdivision (5) to test for the presence of a controlled
substance as required under subdivisions (1) through (7).
(8) The state department of health shall establish guidelines to carry out this
program, including guidance to physicians, medical schools, and birthing centers
as to the following:
(A) Proper and timely sample collection and transportation under subdivision (7)
of this appropriation.
(B) Quality testing procedures at the laboratories designated under subdivision (5)

**SECTION 13. [EFFECTIVE JULY 1, 2009]**

Utility bills for the month of June, travel claims covering the period June 16 to June 30, payroll for the period of the last half of June, any interdepartmental bills for supplies or services for the month of June, and any other miscellaneous expenses incurred during the period June 16 to June 30 shall be charged to the appropriation for the succeeding year. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.

**SECTION 14. [EFFECTIVE JULY 1, 2009]**

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. This amount may not exceed actual lodging and miscellaneous expenses incurred. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service. All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner, are to be used only for travel within the state of Indiana, unless those expenses
are incurred in traveling outside the state of Indiana on trips that previously have
received approval as required by the state travel policies and procedures established
by the Indiana department of administration and the budget agency. With the required
approval, a reimbursement for out-of-state travel expenses may be granted in an amount
not to exceed actual lodging and miscellaneous expenses incurred. A person in travel
status is entitled to a meal allowance not to exceed during any twenty-four (24)
hour period the standard meal allowances established by the federal Internal Revenue
Service for properly approved travel within the continental United States and a minimum
of $50 during any twenty-four (24) hour period for properly approved travel outside
the continental United States. However, while traveling in Japan, the minimum meal
allowance shall not be less than $90 for any twenty-four (24) hour period. While
traveling in Korea and Taiwan, the minimum meal allowance shall not be less than
$85 for any twenty-four (24) hour period. While traveling in Singapore, China, Great
Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not
be less than $65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval
for out-of-state travel may be given by the chief executive officer of the institution,
or the chief executive officer's authorized designee, for the chief executive officer's
respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require
documentation as prescribed in the state travel policies and procedures established
by the Indiana department of administration and the budget agency. No appropriation
from any fund may be construed as authorizing the payment of any sum in excess of
the standard mileage rates for personally owned transportation equipment established
by the federal Internal Revenue Service when used in the discharge of state business.
The Indiana department of administration and the budget agency may adopt policies
and procedures relative to the reimbursement of travel and moving expenses of new
state employees and the reimbursement of travel expenses of prospective employees
who are invited to interview with the state.

SECTION 15. [EFFECTIVE JULY 1, 2009]
Notwithstanding IC 4-10-11-2.1, the salary per diem of members of boards, commissions,
and councils who are entitled to a salary per diem is $50 per day. However, members
of boards, commissions, or councils who receive an annual or a monthly salary paid
by the state are not entitled to the salary per diem provided in IC 4-10-11-2.1.

SECTION 16. [EFFECTIVE JULY 1, 2009]
No payment for personal services shall be made by the auditor of state unless the
payment has been approved by the budget agency or the designee of the budget agency.

SECTION 17. [EFFECTIVE JULY 1, 2009]
No warrant for operating expenses, capital outlay, or fixed charges shall be issued
to any department or an institution unless the receipts of the department or institution
have been deposited into the state treasury for the month. However, if a department
or an institution has more than $10,000 in daily receipts, the receipts shall be deposited into the state treasury daily.

SECTION 18. [EFFECTIVE JULY 1, 2009]

In case of loss by fire or any other cause involving any state institution or department, the proceeds derived from the settlement of any claim for the loss shall be deposited in the state treasury, and the amount deposited is hereby reappropriated to the institution or department for the purpose of replacing the loss. If it is determined that the loss shall not be replaced, any funds received from the settlement of a claim shall be deposited into the general fund.

SECTION 19. [EFFECTIVE JULY 1, 2009]

If an agency has computer equipment in excess of the needs of that agency, then the excess computer equipment may be sold under the provisions of surplus property sales, and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the then current year, if approved by the director of the budget agency.

SECTION 20. [EFFECTIVE JULY 1, 2009]

If any state penal or benevolent institution other than the Indiana state prison, Pendleton correctional facility, or Putnamville correctional facility shall, in the operation of its farms, produce products or commodities in excess of the needs of the institution, the surplus may be sold through the division of industries and farms, the director of the supply division of the Indiana department of administration, or both. The proceeds of any such sale or sales shall be deposited in the state treasury. The amount deposited is hereby reappropriated to the institution for expenses of the then current year if approved by the director of the budget agency. The exchange between state penal and benevolent institutions of livestock for breeding purposes only is hereby authorized at valuations agreed upon between the superintendents or wardens of the institutions. Capital outlay expenditures may be made from the institutional industries and farms revolving fund if approved by the budget agency and the governor.

SECTION 21. [EFFECTIVE JULY 1, 2009]

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

SECTION 22. [EFFECTIVE JULY 1, 2009]

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

HB 1001—LS 7516/DI 51+
SEC. 23. [EFFECTIVE JULY 1, 2009]

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

SEC. 24. [EFFECTIVE JULY 1, 2009]

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the Indiana department of administration or the commissioner's designee:

(1) In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.

(2) In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.

(3) In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment.

In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration, or the commissioner's designee. There shall be an insignia permanently affixed on each side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their official duties.

SEC. 25. [EFFECTIVE JULY 1, 2009]

When budget agency approval or review is required under this act, the budget agency may refer to the budget committee any budgetary or fiscal matter for an advisory
recommendation. The budget committee may hold hearings and take any actions authorized
by IC 4-12-1-11, and may make an advisory recommendation to the budget agency.

SECTION 26. [EFFECTIVE JULY 1, 2009]

The governor of the state of Indiana is solely authorized to accept on behalf of
the state any and all federal funds available to the state of Indiana. Federal funds
received under this SECTION are appropriated for purposes specified by the federal
government, subject to allotment by the budget agency. The provisions of this SECTION
and all other SECTIONS concerning the acceptance, disbursement, review, and approval
of any grant, loan, or gift made by the federal government or any other source to
the state or its agencies and political subdivisions shall apply, notwithstanding
any other law. Federal funds from Indiana's apportionment of grants provided to the
states under the federal American Recovery and Reinvestment Act of 2009 or another
federal economic stimulus law enacted in 2009 may not be allotted or spent without
review of the expenditure by the legislative council.

SECTION 27. [EFFECTIVE JULY 1, 2009]

Federal funds received as revenue by a state agency or department are not available
to the agency or department for expenditure until allotment has been made by the
budget agency under IC 4-12-1-12(d).

SECTION 28. [EFFECTIVE JULY 1, 2009]

A contract or an agreement for personal services or other services may not be entered
into by any agency or department of state government without the approval of the
budget agency or the designee of the budget director.

SECTION 29. [EFFECTIVE JULY 1, 2009]

Except in those cases where a specific appropriation has been made to cover the payments
for any of the following, the auditor of state shall transfer, from the personal
services appropriations for each of the various agencies and departments, necessary
payments for Social Security, public employees' retirement, health insurance, life
insurance, and any other similar payments directed by the budget agency.

SECTION 30. [EFFECTIVE JULY 1, 2009]

Subject to SECTION 25 of this act as it relates to the budget committee, the budget
agency with the approval of the governor may withhold allotments of any or all appropriations
contained in this act for the 2009-2011 biennium, if it is considered necessary to
do so in order to prevent a deficit financial situation.

SECTION 31. [EFFECTIVE JULY 1, 2009]
