13 previous year revenue equals the amount determined under STEP TWO
14 of the following formula:

15 STEP ONE: Determine the sum of the following:
16 (A) The school corporation's basic tuition support for the year
17 that precedes the current year.

1 (B) The school corporation's maximum permissible tuition

9 (b) A school corporation's previous year revenue must be reduced
10 if:

11 (1) the school corporation's state tuition support for special
12 education or career and technical education is reduced as a result
13 of a complaint being filed with the department after December 31,
14 1988, because the school program overstated the number of
15 children enrolled in special education programs or career and
16 technical education programs; and
