FISCAL IMPACT STATEMENT

LS 6546

BILL NUMBER: HB 1329

NOTE PREPARED: Dec 28, 2009

BILL AMENDED:

SUBJECT: Indiana Business Price Preferences.

FIRST AUTHOR: Rep. Dermody

FIRST SPONSOR:

BILL STATUS: As Introduced

FUNDS AFFECTED: **GENERAL**
 DEDICATED
 FEDERAL

IMPACT: State

Summary of Legislation: The bill provides an additional preference for purchases made by a state agency for supplies manufactured or assembled by an Indiana business in Indiana.

It deletes a provision specifying that the Indiana price preferences are ignored in certain circumstances if an offeror is from a state bordering Indiana.

Effective Date: July 1, 2010.

Explanation of State Expenditures: The bill may add to the purchase price of supplies by requiring the Department of Administration (DOA) to adopt rules or guidelines to provide an additional preference for the purchase of supplies manufactured or assembled in Indiana. The bill may also increase the cost of certain supplies by applying the existing Indiana business price preference in certain circumstances where it does not currently apply.

Background: Currently, there is a price preference given for supplies purchased from an Indiana business, ranging from 1% to 5% based on the expected purchase dollar amount. The price preference does not apply if only Indiana businesses respond with offers, or when the offeror is a business located in another state that has preferences which do not exceed Indiana's. These exceptions to the price preferences would be removed under the bill.

In addition to the existing price preferences, under the bill, a price preference ranging from 1% to 3% based on the expected purchase dollar amount would be available if the supplies are manufactured or assembled

in Indiana.

In some cases, identifying where a product is manufactured may be complicated by manufacturers not providing the percentage of parts used by geographic origin and frequently changing the mix (by geographic origin) of the parts used in manufacture. The DOA would adopt guidelines to determine when supplies are manufactured or assembled in Indiana.
