**Summary of Legislation:** (Amended) The bill authorizes a county, city, or town to transfer money from its economic development income tax fund or rainy day fund to its general fund or any appropriated funds of the county, city, or town. The bill requires a county, city, or town to make the transfer by adopting an ordinance or resolution.

**Effective Date:** July 1, 2011.

**Explanation of Local Expenditures:** (Revised) *Summary:* The bill would make it easier for a city, town, or county unit to place money in the unit's general fund or other specified fund. Under current law, money in a rainy day fund must be appropriated by the unit fiscal body to the general or other specified fund. The money received from the rainy day fund would then have to be appropriated again from the general or specialty fund for the actual good or service being purchased by the unit.

The provision would save cities, towns, and counties the advertisement cost if transfers did not require an appropriation.
