Explanation of Local Expenditures:

Explanation of Local Revenues: Currently, volunteer fire departments are able to file civil actions to recover unpaid service costs against responsible parties involved in specified fires the volunteer fire department responds to and assists in some capacity to extinguish, contain, or clean up. This bill will allow volunteer fire departments to also recover additional costs of maintaining civil actions; namely attorney fees and other costs associated with the civil action. This may increase revenue local fire departments receive; however, actual increases are unknown and would depend on the decision of local volunteer fire departments to seek civil remedy and judgment issued in the civil case.
