**Synopsis:** Criminal background checks of licensed professionals. Proposed conference committee report for SB 363. Requires the state police department to permanently retain a health professional applicant's fingerprints and store the fingerprints separately from fingerprints collected for the state central repository for criminal data. Adds certain crimes for which the department of education must revoke the license of a school employee. Requires applicants for certain licensed health professions to submit to a national criminal history background check. Requires the department to release the results of the national criminal history background check to the Indiana professional licensing agency (agency). Authorizes a licensing board to suspend, deny, or revoke a license if the applicant or license holder has been convicted of specified offenses. Requires the department and the agency to enter into a memorandum of understanding to provide data exchange and data matching regarding licensees who are charged with or convicted of an offense. Requires the personal information data exchanged to be kept confidential. Allows the board of a regulated occupation to designate a person to act on behalf of the board to perform certain duties when seeking a cease and desist order. **(This conference committee report removes language that: (1) allowed a pharmacist to administer an immunization for shingles; (2) removed geographical locations that a supervising physician must be located within; (3) allowed the medical licensing board to deny supervisory agreements; (4) removed certain limitations on physician assistants (PA) prescribing and dispensing certain drugs and controlled substances; (5) required that the supervising physician or physician designee review specified percentages of PA patient encounters within 72 hours based on the PAs years of practice; and (6) removed language that passed in an earlier bill concerning electronic prescriptions.)**
