IMPACT: State & Local

Summary of Legislation: (Amended) This bill authorizes a Rainy Day Fund Loan to school corporations meeting certain criteria. It provides that a school corporation's loan may not exceed the lesser of \$5,000,000 or the result of multiplying the school corporation's ADM by \$1,000. The bill provides that loans may not be approved after December 31, 2012. It provides that the total amount of all loans approved after December 31, 2011, may not exceed the sum of the loans provided for the 2012-2013 school year. The bill provides for the interception of revenues otherwise payable to the school corporation if the school corporation fails to pay an obligation associated with the loan.

Effective Date: July 1, 2012.

Explanation of State Expenditures: (Revised) *Summary:* The bill could reduce the principal and interest earnings of the Rainy Day Fund. The bill would permit a loan of up to \$5 M per eligible school corporation at a maximum of 1% interest for up to 72 months. The maximum amount of loans for one eligible school corporation could be about \$3.5 M.

Background: To qualify for the loan, a school corporation has to meet the following criteria:

1. Submit a plan to increase revenue and reduce their expenditures, including the sale of unused property.
2. Show that it is able to repay the loan without distress.
3. The ratio of the school's December 2010 debt divided by their CY 2011 ADM is one of the 10 highest in the state.
4. The ratio of the school's December 2010 debt divided by their CY 2011 assessed valuation is one of

the 10 highest in the state.

5. The school corporation's homestead AV for CY 2011 was at least 60% of their AV for the school corporation.

The bill limits the availability of these loans to CY 2012. Four schools would be eligible to borrow from the Rainy Day Fund:

- Mount Vernon Community School Corporation could borrow up to about \$3.5 M.
- Hanover Community School Corporation could borrow up to about \$2.0 M.
- Franklin Township Community School Corporation could borrow up to \$5 M.
- MSD Boone Township Schools could borrow up to about \$1.1 M.

The bill also provides that the State Board of Finance may not approve any loans for schools who had delayed property tax distributions for 2007 and 2008 after December 31, 2011.

As of June 30, 2011, the Rainy Day Fund had a balance of \$57.2 M, and there were 13 outstanding loans totaling about \$14.8 M for about 10 units of government. Projected payments for FY 2012 are \$3.2 M.
