**FISCAL IMPACT STATEMENT**

**LS 6130**  
**BILL NUMBER: SB 115**

**NOTE PREPARED:** Nov 24, 2012  
**BILL AMENDED:**

**SUBJECT:** Combat to College Program.

**FIRST AUTHOR:** Sen. Glick  
**FIRST SPONSOR:**

**BILL STATUS:** As Introduced

**FUNDS AFFECTED:**  **GENERAL**  
 **DEDICATED**  
 **FEDERAL**

**IMPACT:** State

**Summary of Legislation:** This bill requires state educational institutions to establish a Combat to College Program.

The bill requires a state educational institution to:

1. Provide a centralized location for admissions, registration, and financial administration services for veteran students;
2. Provide reasonable accommodations for veteran students who are disabled at a state educational institution's fitness facility;
3. Develop programs to provide academic guidance specifically to veteran students;
4. Develop programs to provide access to counseling services or resources to veteran students who are disabled or suffering from posttraumatic stress disorder; and
5. Develop job search programs designed for veteran students.

The bill requires each state educational institution to designate a Combat to College Program coordinator.

The bill requires a state educational institution to establish a hiring preference policy for veteran students. It also requires a state educational institution to provide postsecondary credit for military training if the American Council of Education recommends that postsecondary credit should be provided for the military training.

**Effective Date:** July 1, 2013.

**Explanation of State Expenditures:** The bill could have a minor impact on state educational institutions.

(1) The bill requires state educational institutions to provide a central location for admissions, registration for classes, and financial administration services for veteran students. This may require state educational institutions to physically move some personnel within the institution, but the cost of these requirements should be minor.

(2) The bill requires state educational institutions to develop programs to provide reasonable access to specialized counseling services or resources for veteran students who are disabled or veteran students suffering from posttraumatic stress disorder. The impact of this requirement should be minor relative to disabled veteran students since state educational institutions should be providing reasonable accommodations for all disabled students under the Americans with Disabilities Act.

(3) The bill requires state educational institutions to develop programs to provide academic and career counseling and job search assistance to veteran students. The development and implementation of these programs could result in some minor one-time costs.
