**FISCAL IMPACT STATEMENT**

**LS 6762**

**BILL NUMBER:** SB 612

**NOTE PREPARED:** Jan 9, 2013

**BILL AMENDED:**

**SUBJECT:** Motor Vehicle Highway Account.

**FIRST AUTHOR:** Sen. Skinner

**BILL STATUS:** As Introduced

**FIRST SPONSOR:**

**FUNDS AFFECTED:**  GENERAL  
 DEDICATED  
FEDERAL

**IMPACT:** State & Local

**Summary of Legislation:** The bill removes funding for the State Police from the Motor Vehicle Highway Account (MVH). It makes state General Fund and Motor Carrier Regulation Fund appropriations for the State Police (including Motor Carrier Inspection) for state FY 2014 and FY 2015.

**Effective Date:** July 1, 2013.

**Summary of NET State Impact:** Using FY 2012 revenue and expense data as a baseline, the bill is estimated to shift \$158.4 M in gross State Police expenses from the MVH to other funds while also eliminating the \$67.9 M of MVH State Police reimbursement from the General Fund, Motor Carrier Regulation Fund, and Toll Road and federal funds in FY 2014 and FY 2015. The bill will increase revenues to the State Highway Fund (INDOT) by an estimated \$48.0 M each year of the biennium. The net loss to the state from the bill is \$42.5 M.

**Explanation of State Expenditures:** *Shifting State Police Expenses from MVH to Other Funds:* In FY 2012, State Police expenses paid out of the MVH totaled \$158.4 M. Gross State Police expenses are offset by a variety of reimbursements to the MVH, including federal grants, General Fund reimbursements, Motor Carrier Fund reimbursement, Toll Road reimbursement, and Gaming Commission reimbursements. These reimbursements totaled \$67.9 M in FY 2012. Therefore, the net State Police expense paid out of the MVH in FY 2012 was \$90.5 M.

The bill removes the requirement that the MVH pay one-half of the amount appropriated to the State Police Department for its operations. However, it is sometimes the case (depending on funding decisions made in the

corresponding biennial budget) that the MVH pays in excess of one-half of the State Police expenses in a given year. In FY 2012, for example, the MVH actually paid closer to 57% of gross State Police expenses for the year. Therefore, this analysis assumes that subsequent budgets will not appropriate any funding from the MVH for State Police expenses. Given that assumption, shifting the responsibility for payment of net State Police expenses from the MVH to other funds would result in \$90.5 M in additional MVH funding available for distribution to INDOT, counties, and cities and towns.

*General Fund Appropriations for State Police:* The bill appropriates the following amounts to the Indiana State Police for FY 2014 and FY 2015.

<b>Appropriations in Bill to Cover State Police Expenses</b>			
<b>Fiscal Year</b>	<b>General Fund Appropriation</b>	<b>Motor Carrier Regulation Fund Appropriations</b>	<b>Total State Police Appropriations</b>
2014	\$150.5 M	\$4.6 M	\$155.1 M
2015	\$150.5 M	\$4.6 M	\$155.1 M

Note that the amounts appropriated from the General Fund and Motor Carrier Regulation Fund are offset by \$67.9 M in reimbursements. Therefore, the net appropriations in the bill are \$87.2 M each fiscal year of the biennium.

*Indiana State Fair Board:* The bill requires that the Indiana State Fair Board reimburse the State Police for expenses related to the provision of security for the State Fair Board, as determined by the State Budget Agency. The estimated costs related to this provision are unavailable at this time.

*Background Information Transportation Funding: Motor Vehicle Highway Account and Distribution:* The MVH is funded through a combination of revenue sources including portions of the Gasoline Tax, Special Fuel Tax, Motor Carrier Fuel Use Tax/Surtax, Vehicle Registration, Title Fees, and other smaller sources of revenue. Of the total available for distribution, 53% goes to the State Highway Fund (INDOT), and 47% to local units. The local MVH distribution method is different for counties and cities and towns. For cities and towns, it is entirely population-based. For counties, 5% of the amount available is distributed equally to all counties, 30% is based on county vehicle registration, and 65% is mileage-based. Local MVH distributions are used by counties, cities, and towns for the expenses of highway and street departments, construction, maintenance, and reconstruction cost of roads, and equipment purchases. Cities and towns may use a portion of their distribution for public safety expenditures.

*Motor Vehicle Highway Account Expenses:* The Auditor of State each month makes MVH distributions to INDOT, counties, and cities and towns. Each month, a variety of “off the top” expenses are paid out of the MVH by the Auditor of State prior to making the distributions to INDOT, counties, and cities and towns. According to current law, these include one-half of the amount appropriated for the State Police, traffic safety program expenses, as well as expenses incurred in the collection of MVH revenues. Specifically, these collection expenses include the Department of State Revenue fuel tax collection expenses, BMV expenses (not including license branch expenses, but including license plate production expense), and various other small related expenses. Gross State Police expenses are offset by a variety of reimbursements including federal grants, existing General Fund reimbursements, Motor Carrier Fund reimbursement, Toll Road reimbursement,

and Gaming Commission reimbursements.

**Explanation of State Revenues:**

**Summary of NET Local Impact:** It is estimated that the bill will increase funding to counties, cities, and towns by \$42.5 M. Specifically, counties will receive an additional \$29 M and cities and towns will receive an additional \$13.5 M.

**Explanation of Local Expenditures:**

**Explanation of Local Revenues:** See *Explanation of State Expenditures* and *Summary of NET Local Impact*.

**State Agencies Affected:** Indiana State Police, Indiana Department of Transportation, Indiana Auditor of State, Indiana State Fair Board.

**Local Agencies Affected:** Counties; Cities and Towns.
